A NEW DEAL

***Euclid High School

Euclid, Ohio 44123
Volume 38***

A NEW DEAL

The New Administration. Mr. James Wilkens, Superintendent; Mr. William McGuinness, Principal; Mr. Carl Hilling, Assistant Superintendent.

The New Administration (continued): Mr. Ron Seymour, 12th grade Unit Principal, Mr. Justin Antonini, Assistant Principal, Mr. Frank Perez, 11th grade Unit Principal.

NEW TRENDS

The Euclid High School student body experienced a new deal during the 1986-87 school year. The most prominent changes were in the administration and continued from there to school policies, including the dress code.

The first and foremost change was the new Principal, Mr. William McGuinness and his Associate Principal, Mr. Justin Antonini. The senior class, whose Unit Principal was formerly Mr. Antonini, welcomed Mr. Ron Seymour, and the junior class received Mr. Frank Perez. Mr. Howard Bender, former Unit Principal for the juniors became the Head of the Science Department.

With the changes in administration came changes in school policy. The pass-fail grading system, which had been so popular among foreign language students, was totally eliminated. Homeroom was conducted after second period, in an attempt to reduce tardiness, and the dress code was slightly altered. Students were permitted to wear shorts which "approached the knee."

Over all, the 1986-87 school year was characterized by several changes; the new administration and its new policies. As a result, these changes truly made the 86-87 year the year of a new deal.

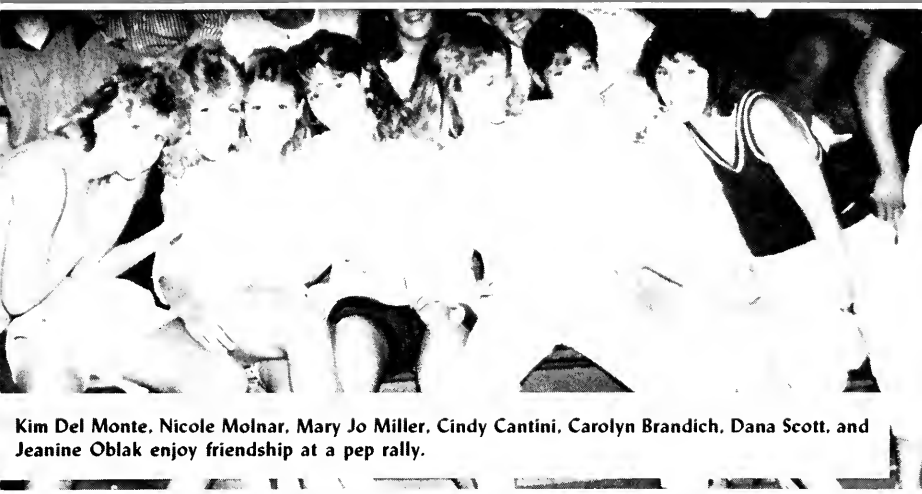

-Janet Sterbank

A hall band was formed to play between periods to increase school spirit before football games. Tony Klepac, Mike Blasius, Steve Woodard, Greg Pirak and Chris Bryant are showing off their skills.

The color of hall passes was changed from green to yellow, making all the old passes that students had accumulated over the years obsolete.

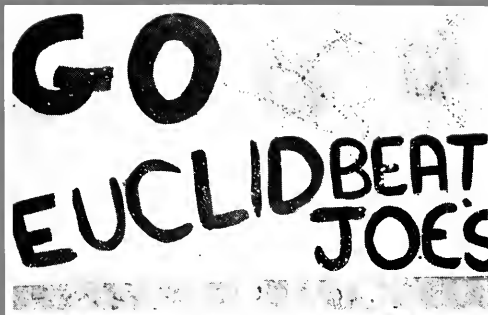

Kim Del Monte, Nicole Molnar, Mary Jo Miller, Cindy Cantini, Carolyn Brandich, Dana Scott, and Jeanine Oblak enjoy friendship at a pep rally.

Elie Chamoun, Clark Bechtal, Eddie Sugar, Kevin McCluskey, Ray Leonardi, and Greg Jordan enjoyed the Fall rule that allowed them to wear cooler clothes during the hot days.

omeroom was moved to after second period in hopes of getting more students to school on time.

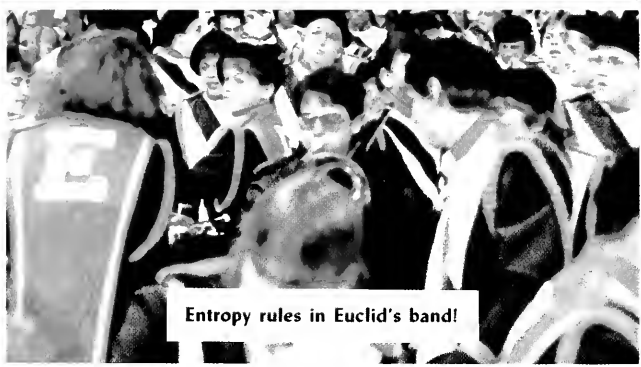

Due to recurring problems, the Euclid-St. Joe game will not be played for at least two years.

WE'RE IN FASHION

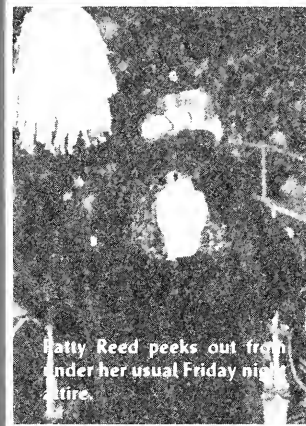

Fashion-wise, this year at Euclid was more carefree than ever before. Last year we saw tons of stirrup pants, but this year we said bye-bye to that fad in the fashion world. What was hot this year included neutrals, nauticals, navy and khaki, and the ever popular tropical "jams" shorts with big tee shirts, Reeboks, and colorful socks to match. In addition, bulky sweaters kept the oversize look going strong. To achieve a unique outfit, E.H.S. students tried matching two opposites, tight and loose. The "coolest of the cool" in the fashion scene at Euclid were often seen wearing oversized sweaters with a pair of leggings. But, the preppy styles remained classics and were strong with guys as well as girls. As far as accessories, where megga pins, crucifixes and long pearls were old news, chain belts around minis, silver shoes and purses, and "Swatches" were exceptionally "in".

Everyone has their own preferences about fashion. The students of E.H.S. used fashion, whether "in" or "out", as an expression of themselves and to typify that true Panther spirit and style Euclid students are known for.

Wet And Wild

Downpour Fails To Dampen

7 - 0 Homecoming Victory Over Mayfield

A record crowd at this year's Homecoming game was deluged by thunder and rain, but donned umbrellas and remained faithful fans, seeing the Panthers sloshing through the muddy field to finally beat Mayfield, 7-0.

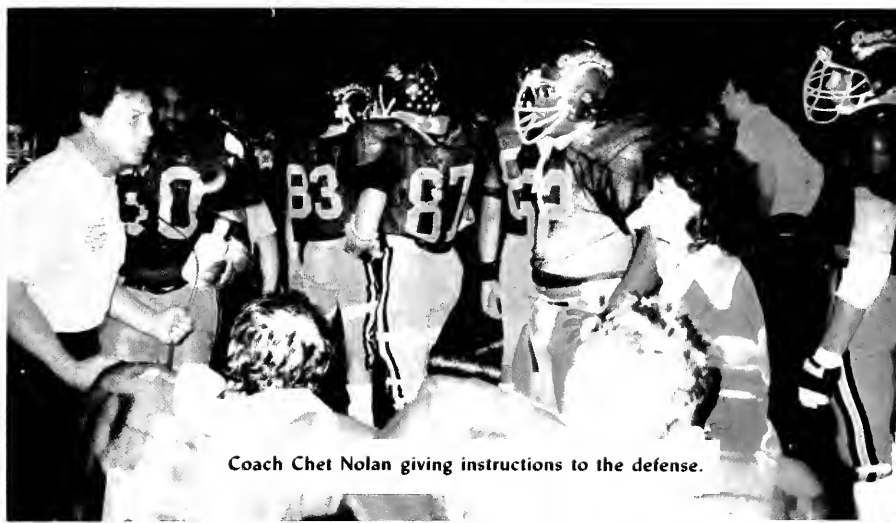

After the second quarter of play, the rains were so bad that halftime was held for 55 minutes, and the halftime Panther Marching Band show was cancelled. Fans huddled together under the stadium until the rain held off enough to continue play. Finally, amidst heavy winds and mud, the game was completed, with Euclid proudly holding on to their 7-0 lead scored in the first half.

Although the crowning of the Homecoming Queen and Court and the scheduled fireworks display was postponed until the upcoming Maple Heights game, everyone agreed that although this year's Homecoming game was wet, it most certainly was wild.

Undersea Enchantment

Turning the E-Room into a mirage of underwater enchantment, Student Council again this year created a special Homecoming semi-formal dance. On September 27, couples entering the dance lined up for pictures after crossing an enchanted bridge surrounded by many colorful decorations and balloons. Reigning over the dance was Homecoming Queen Kristie Scott, with Senior Attendants Kim Novotney and Denise Conklin, Junior Attendant Dana Scott, and Sophomore Attendant Leila Thomas. Enjoying music by a D.J. and tasty refreshments, the students attending this year's Homecoming all seemed to agree that "enchantment" was an apropro word for such a good time spent with friends or that special someone. Senior Beth Lauver seemed to sum up everyone's feelings regarding the dance, saying, "It was really a lot of fun!

Spirit Prevails

As one walks down the halls of Euclid High School on a Thursday morning, the outstanding spirit of the students is apparent by the numerous signs adorning the halls. These signs are examples of school spirit from wishing "good luck" to the sports teams or a special greeting for a certain player, or spirit for an individual class.

On blue and gold days, Panther Spirit wear is worn with pride by many of the students. Buttons and signs are present everywhere from the classroom to the stadium.

Pep assemblies have proven how responsive and spirited Euclid High students can be. The crowd cheers excitedly for the team as the players run onto the floor psyched for a victory.

The student body, led by the class of '87, has supported their sports teams, win or lose, making Euclid the spirited high school that it is.

Classic Art

At Euclid, school lockers are like a home away from home for students. E.H.S. students decorate their lockers so they don't really have to think they are in "SCHOOL!" Often, people decorate their lockers with pictures of gorgeous men and women in bathing suits, or sometimes with pictures of friends, pets and loved ones. Where some guys just put a mirror in their locker to see how they look between classes, others really don't care WHAT they look like! But, of course all girls have to have at least one mirror in their locker.

A locker can mean a lot to a person. It shows what kind of things they like and sometimes even how they feel. Some E.H.S. students, like Nora Race and Karen Reed, enjoy their lockers because they are next to their friends and because the lockers are close to all of their classes. Lockers at Euclid, besides being convenient storage places for books and coats, are true expressions of personality and creativity.

Scary, Hairy and Fright

No - your eyes must be deceiving you! Surely that wasn't a bunch of grapes walking down the hall? You assure yourself you are just hallucinating (probably due to lack of sleep and TOO MUCH homework), but do a double take when the Panther quarterback casually saunters by in a diaper! No, you really are not going insane! The only thing that you are afflicted with is a gigantic dose of Panther Halloween Spirit.

Dressing up in every costume from babies to bunnies, kittens to cave girls, E.H.S. students (and some teachers!) showed their spirit by attending school in costume on Halloween. Students competed in a costume contest and the winners were awarded gift certificates. The following Saturday, everyone donned their costumes again for a smash of a Halloween dance. Regarding Halloween, Janet Sterbank said, "Overall the student body showed quite a bit of spirit!"

Be My Valentine

Music Echos Through The E-Room On Valentine's Day

Romance filled the air and Cupid's arrow struck as E.H.S. students put on their dancing shoes for an evening of good times at the second annual Valentine Ball on February 14, 1987. This year's theme, "All That Jazz", was complemented by not only Student Council's superb decorations, but also by a jazz ensemble that greeted couples as they entered the E-room. Music pro-

vided by a DJ and tasty refreshments added to everyone's evening. The excitement mounted as this year's lovely Queen, Linda A. Miller, and King, Chris Linderman, were announced and crowned on the dance floor. Completing this year's Court for the girls were first runner-up Bonnie Parker, second runner-up Shannon Wagner, and third runner-up Maureen O'Neill. First run-

ner-up for the guys went to Bob Anderson, with John Karabinus as second runner-up and Rob Miller as third runner-up. All in all, with great music, lovely decorations, and good friends, an enjoyable time was had by all. Euclid's second annual Valentine Ball, "All That Jazz", was most certainly a success.

Go Panthers

Marchin' to a Different Beat

The Euclid Panther Marching Band under went a big change this year. A change in marching styles and directors. For as long as anyone can remember the band was show style. Show style is a peppy, high-stepping march, with swagger and dancing. The new style is called corps style which is more military and reserved. Mr. William Shafer is the new director and Mr. Dave Viglione is the new assistant director. The new directors said the changes were mainly for two reasons. First, that the style is what they are most familiar with, and the second being that corps style is the latest trend across Ohio.

The season was full of performances. The first show's songs were "Sirocco", "Easy Lover", and a solo by senior Thomas Vincent on trumpet in "Say you, Say me". The second show repeated "Sirocco" but substituted "Party All

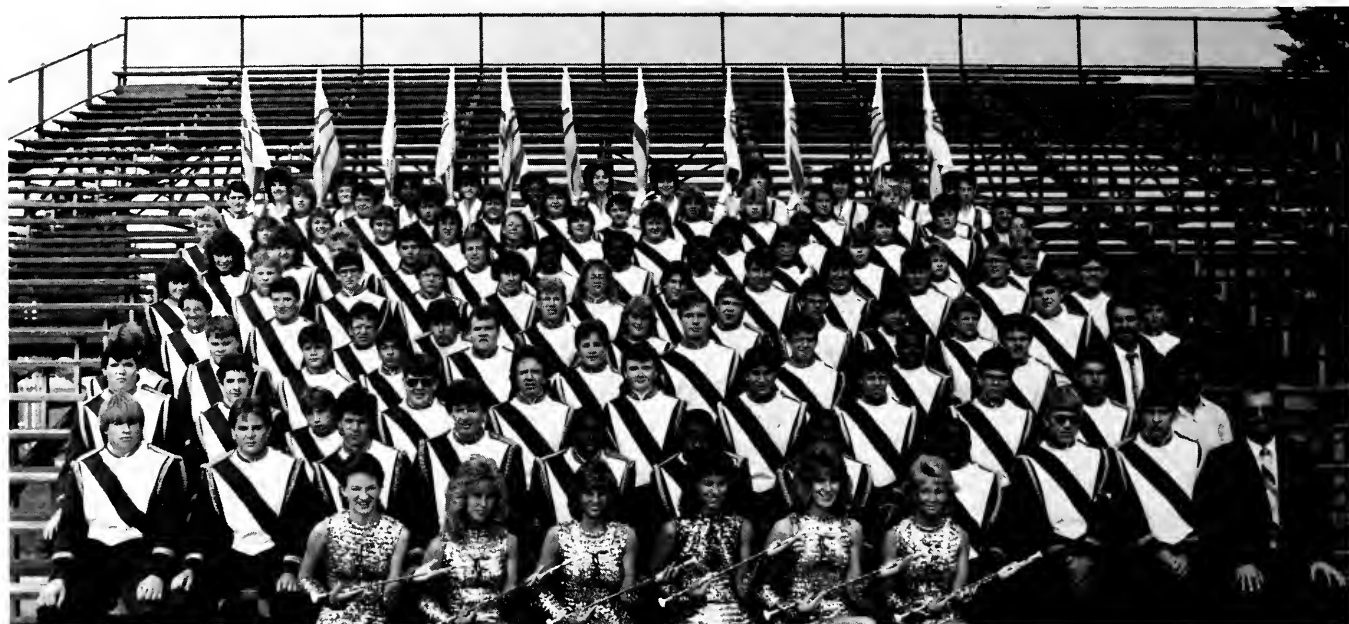

the Time" as the second song and "For your Eyes Only" as the third, featuring senior Debbie Murray on baritone and senior Rob Srnovrsnik on trumpet. Show three opened with "Trooper Salute", moved on to "Power of love" and closed with junior Rick Penny, featured on trumpet, in "America The Beautiful." The band's season finale opened with "Boogie Down" which featured Band President Brian Valentine on trombone and the band in a dance, and then he led the band into Script Euclid.

Not only did the band perform at football games, but they also went to the Woollybear Parade where they earned a participation trophy, and they also held the end of the season Marching Band Concert.

The overall view of the season was positive. The members felt that there were pros and cons to the new march-

ing style. Senior Brian Valentine said, "The beginning of the season was slow because of the adjustment to a new marching style, but at the end we came on strong." The directors felt good about their "new band". Mr. Shafer said, "The band members have had a lot to learn and re-learn this year. They were very open-minded about the changes, and as a result, I think the band looked and sounded much better".

There are some final thoughts about the season that will live in the hearts of the 1986-1987 Euclid Panther Marching Band. Times like the bus number two ride home from South High School, and the ripped-up Band T-Shirt presentations. There were also some phrases, one like "Earache my eye" and the most famous of all, "Art lives."

Just Twirlin' Around

The 1986-'87 majorettes were successfully led by captain Teresa Yuhas. All members this year were veterans from last year. The majorettes made outstanding performances at the Friday night football games. Along with the Euclid Panther Marching Band and Panther Flag Corps, the majorettes were bussed out to Vermilion to march in the Woolly Bear Day parade. They also marched in the Memorial Day parade. The majorettes performed wonderful routines to hit songs like "Party All The Time" and "Easy Lover". Despite a couple of games when it was raining so hard they could not perform, the majorettes had a fantastic season.

EHS Flag Corps

Have you ever wondered what it is like to be a member of the flag corps? According to first year member Cindy Kleckner, it is basically a lot of hard work mixed in with a lot of fun. Each member has a commitment of attending practice every Monday thru Thursday after school and fourth and fifth period with the band. The results of their hard work are the fine performances you see on Friday nights on the football field.

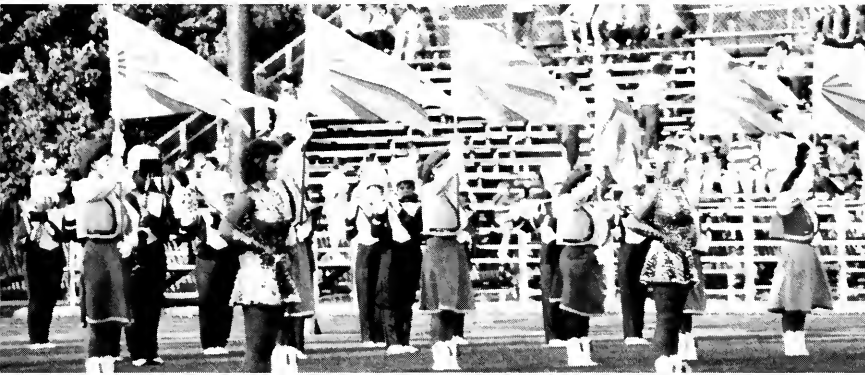

The team is coached by Mrs. Houmans and is led by co-captains Pam

Perdan and Lisa Minadeo. Most all of the team members agree that the final performance in front of the audience is worth all the hard work, however there is a negative aspect to performing in front of family and friends. Vicky Jaworsky says, "It is so embarrassing to goof up with so many people watching you!" The whole team agreed that joining flag corps was a memorable experience.

Filled With Cheer

This year, Euclid has been blessed with one outstanding Varsity Cheerleading squad! They started on their way immediately following tryouts last year, stopping at cheerleading camp at Hiram; there, the cheerleaders were awarded superior spirit awards and a plaque. At Randall Park Mall, the Varsity squad ran away with first place in the dance and cheer categories and took with them \$450 prize money. But we at Euclid always knew that our Varsity cheerleaders have what it takes to keep the crowds roaring and to keep the games alive. Says Chris Merencky, "We owe our success to a great coach, Traci Drowns." The Euclid Varsity Football cheerleaders truly represent the spirit and the talent that we all know fills the halls of Euclid High School.

Cheers To You

Spirit, drive, enthusiasm!! Watch out, 'cause here come those peppy, spunky 1986-87 basketball cheerleaders! The cheerleaders had plenty to get excited about this season as the Panther Hoopsters proved to be hot on the court. It was the hard work and discipline of the Freshman, J.V. and Varsity cheering squads that often gave the players the momentum and drive to succeed. Practicing after school, the girls perfected their coordination, agility, cheers, and gymnastic skills, which resulted in excellent style and enthusiasm at both

home and away games, in addition to pep rallies. The girls learned to work not only with each other, but with the entire student body in keeping alive that Panther spirit.

It was through the work of the 1986-87 E.H.S. basketball cheerleaders that the hoopsters captured that extra energy needed for victory. A heartfelt thanks goes to each and every E.H.S. basketball cheerleader. It has been one terrific season.

Student Government

School benefits from Student Council Activities

Student Council (STEW'-DENT COWN'-CIL) : A hard working group of students that meets weekly to discuss and improve school spirit. That's what it's all about-spirit. The whole Council has worked for many hours to improve life at Euclid by sponsoring dances, the Homecoming festivities, Crush Day, the penny war, a new greeting service, and many more things.

This year's officers Bill Balazs, Tina

Soltesz, and Adam Stauffer have been working hard to keep the Council together. "It's really hard to be an officer-it takes a full time commitment", said Bill Balazs. "But, he added, it pays off in the long run when I see positive things happening." John Martens said, "Student Council is a chance to participate."

The Council is advised by Miss Sandi Bambic, whose endless hard work real-

ly helped the Council out. "Miss Bambic really cares a lot about Student Council. She seems mean sometimes, but she's only trying to make everything the best it could possibly be", said Jim Samuel, a three year Council member. That is what the Student Council is-the best people trying to make the best school even better.

A Touch Of Class

Cabinet has many things to think about. They are the driving force behind preparations for the class of 1988.

Approximately eighteen juniors meet with their unit principal, Mr. Frank Perez, to plan the events for fund raising in their junior year. Mr. Perez states, "The major event for the Junior class is the Christmas dance." He also says that the juniors are not like the seniors; they do not raise funds all year. They basically learn about the planning that goes into the events that are senior responsibilities. That way, they will have some experience in planning their senior events next year. Hopefully, everything will fall into place.

The cabinet's responsibilities have great importance to its members. Junior Michelle Valencic likes the cabinet because "it lets the juniors express their opinions in a positive way." The juniors are looking forward to a positive senior year.

-Julie Sterbank

Senior Class Cabinet is a group of 17 students who work together to try to make senior year a memorable one for all. The last year of high school is often the most special one of all and cabinet tries to promote this feeling by emphasizing class unity and friendship. This group works all year to plan and raise money for senior activities- mainly prom. Flower sales, dances, and various shows are some of the ways in which money is raised. Every morning, in homeroom, the cabinet discusses the various activities and tries to make them acceptable for all. The Cabinet wishes good luck and best wishes to the Class of '87!!!

A key component of Euclid's Class of '89 is enthusiasm, and this year's Class Cabinet proves that point well. Around eighty eager sophomores applied at the start of the year, but only about thirty were accepted to represent their class.

This year, under the leadership of president Jill Sopko and vice-president Roslind Blackmon, the group plans to attack four major issues. Basically, we are concerned with fund raising activities such as selling pretzels after school for money towards our future prom. We also do fun things such as selecting a logo for our class ring, sponsor a dance, and create Christmas decorations for the class competition.

The cabinet advisors are counselors Mrs. Fox and Mr. Russo. There is a lot of school spirit generated by the Class of '89, and Nora Race and Lisa Anderson express it best by saying, "We're Hot!"

-Beth Schafer, Marie Sheridan

Starting out as a student at Euclid, one is faced with the all important decision of which activity to join. A very popular decision for many freshmen was Freshmen Class Cabinet, if one meets the requirements.

This year, Freshmen Class Cabinet petitions asked for a little more than peer signatures. In addition to twenty-five peer signatures, petitioning freshmen needed at least a 2.5 grade point average, two teacher recommendations and were unable to participate in more than one organized school sport. They were then selected by Mr. William Medvic, ninth grade principal, Mrs. Brenda Barker and Mr. Tom Couhig, the ninth grade counselors. Criteria also included a few short answer questions. About thirty freshmen were selected for the cabinet. They help organize the freshmen parent-student orientation and the final dance. They try to increase school spirit, get freshmen involved and ultimately raise money for their class.

With the requirements, the freshmen class cabinet hope to have competent members and a very productive year.

Twelve Angry Jurors

For Euclid's Associate Principal, the third time is a charm, at least when it comes to the story of "Twelve Angry Jurors". Mr. Antonini enjoyed both the big screen and television versions before seeing the effort put forth by the Euclid Fall Play cast. These Euclid High School students impressed him no less than Henry Fonda did in the original version.

Written by Reginald Rose, the play is the story of 12 jurors debating the innocence or guilt of a man charged with murder. This storyline presented new challenges to even the most seasoned of Euclid's thespians. Amy Terango, a veteran of 5 plays, said, "Because you are on the stage the whole time, you must always be in character, otherwise, it won't succeed."

Only through talent and hard work did the play succeed. The members of the cast practiced from two hours each

night for six weeks. "It's the hard work that usually pays off in the end", said cast member Michelle Goodman. Other cast members included Brinda Kumar, Darice Pequignot, Nancy Cook, David Steeves, John Martens, Beth Hammer, Ray Leonardi, Kirstin Esch, Amy Skiljan, and Dan Geddes.

Of course, the success of the production would have been impossible without the careful direction of Mrs. McLaughlin. She is the veteran director of dozens of plays who always seems to know how to bring out the best in student actors. Brinda commented, "We owe it all to Mrs. McLaughlin; it was a real pleasure to work with her."

All are looking forward to Euclid's next Fall Play. Indeed, the performing arts are alive and well at Euclid High School.

Who do you have to thank for all that spirit-raisin' music in the halls during football season? Who entertains the devoted Panther football fans? Why, Hall Band, of course! Hall band is a purely voluntary band completely run by students who want to add to the spirit and atmosphere of the E.H.S. football season. Panther fans all agree that Hall Band brings added excitement, fun, and melodious tunes to Euclid's halls.

Stage Band is a popular jazz-type band. Students must audition to partici-

pate, and practice one night a week. The rewards for members in this band are many. This year the Stage Band is taking a trip to Nashville and then on to New Orleans to participate in an international music competition. In previous years Euclid has won silver medals, and this year they are going for the gold! It is certainly evident that Panther musicians, whether in Pep or Stage Band, contribute highly to the spirit and pride that we all associate with the Panthers of Euclid High.

Under the direction of Mary Jane Kodziej, the 1986-1987 Euclid High Orchestra enjoyed a hard-working yet rewarding season of music. Once again this year, joining the string players twice a week for rehearsals were the principal players from Symphonic Wind Ensemble. All players rehearsed classics from Mozart to Vivaldi and also enjoyed learning a few contemporary melodies, as well. Highlights of the year included the orchestra's accompaniment to Choral Master's singing of Handel's "Messiah", the winter concert, the annual spring concert, and the All-City Music Festival. In addition, many orchestra members put in much hard work and time in extra-curricular string functions. Members participated in The Ohio String Festival, The Northeast Regional Orchestra, The Greater Cleveland String Festival, Big Show "Pit Orchestra", and the O.M.E.A. Solo and Ensemble Contest. Although string instruments are the most difficult of instruments to play, E.H.S. students accepted the challenge. As one string player pointed out, "Although orchestral playing involves a lot of effort and teamwork on everyone's part, it is all worth it when you are finally in concert and ultimately succeed in bringing the joy of music to others."

Excellence In Music

The 1986-87 Symphonic Wind Ensemble was the best ever. The new director, William Shafer had high goals for the group. They participated in the annual O.M.E.A. contest. Many of the members also competed as individuals or in duets, quartets etc.

Members of the Symphonic Wind Ensemble were chosen by audition. Each person was required to prepare the assigned piece of music. During the audition, the musician was asked to play a scale, the assigned piece and to sight-read one additional piece. The musicians were then ranked. The best musicians from each section were then promoted to become members of the Symphonic Wind Ensemble.

The Symphonic Wind Ensemble performed two concerts throughout the year: one in February and the other in May. With the new director and new goals, the Symphonic Wind Ensemble had a very productive and successful year.

It's show time! The E.H.S. show choir, Varsity Chorale, has taken the stage again. These performers, chosen by audition from Choral Masters for their vocal and dancing ability, entertain audiences throughout the Cleveland area. Highlights include a flood of appearances in December, and a trip to Nashville and New Orleans for international competition. A touch of class was added this year with tuxedos for the guys and formal dresses for the ladies. Another change was the addition of a lead guitarist and trumpet player to the established band of the pianists, drummer, and bass guitarist. The group has seventeen seniors this year, giving it a great deal of experience. During their three hours of practice a week, the members learn music, choreography, and more about their own ability. First year member Andrea Hooks proudly states, "These are great people. They really accepted me and we all work well together." Second year member Tom Wirbel agrees, adding, "This group has the perfect blend of talent and experience. I'm proud to be a part of it."

AFS gives students a chance to communicate with others

AFS Club: Row 1: Amanda Sustersic, Dana Scott, Valerie Stupica, Tina Colo, Anita Perrotti, Ole Bangstad, Nicole Crombie, Jenny Hopkins, Anita Karaula and Susie Krulc. What group allows you to experience exotic cultures from around the globe, provides a chance to meet interesting new people, and may even offer a chance to travel? The answer is AFS, or American Field Service.

Every year, as you probably know, AFS hosts foreign exchange students as well as sending our own Euclid students abroad. Kris Hren, a student being considered for this program, comments, "I joined because I'd like to go

abroad for the summer, preferably to Switzerland. I like hearing about other people's countries and getting involved in the AFS activities." Some activities that this group takes part in are having a get-to-know one another picnic, parties, The Novemberfest, which is a fund raising dinner, and Hiram House. One of the highlights is the short term exchange in which certain members spend a few days with the families of other high school students in the rest of

country. This offers a chance to see how other teenagers live.

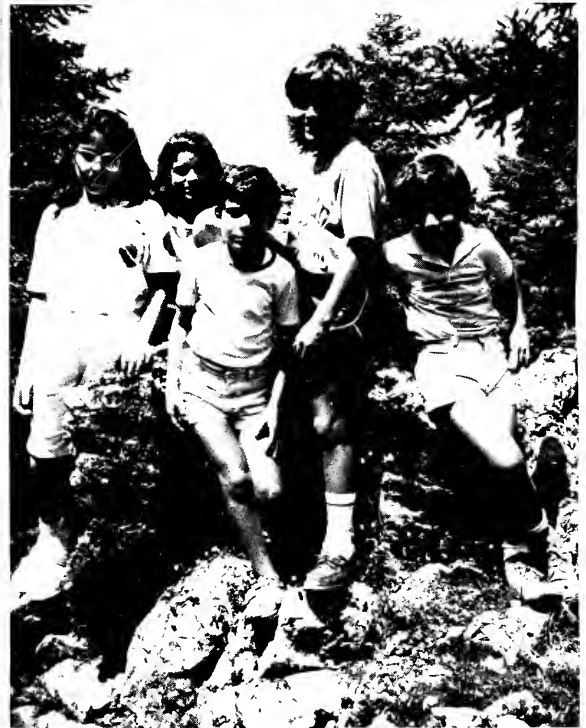

Also, in the summer, any family who is interested can host a student for a few days during the "AFS Bus Stop" program. "It's a five day, and four night long party!" says participant Marie Sheridan.

All in all, AFS is a rewarding experience and may just be your passport to the world!

Key Club Strives to Give Service to the Community

Are you interested in joining an organization that benefits your community? Well then Key Club is for you. Meetings take place on Thursdays at 7:00 P.M. This group has participated in such activities as answering telephones at the Jerry Lewis Telethon, working for the elderly, Hands Across America, March of Dimes Walk America, and supervising kids at the Boy Scout Camp

over the summer. Cathy Day, an active member, states that her favorite part of meetings are when they have different people come as guest speakers. Recently, Mr. VonBenken came and talked to the group about mountain climbing. A woman from C.S.U. has come to discuss careers and colleges. Like other clubs, there are elected officers. This year's

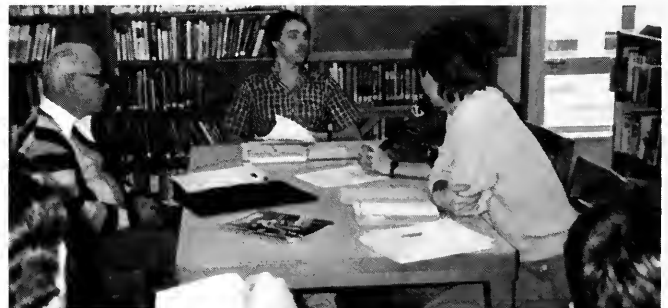

president is Dave Segulin. First vice-president is Mitch Sotka, and second vice-president is Shawn Kobus. The remaining officers include: secretary Jim Segulin, treasurer Sue Schilling, and class reps. Caroline Holland (9), Cathy Day (10), Beth Hammer (11), and Todd Dickinson (12).

The Business of Athletics

Students learn about the business of athletics

We are the people that are at every football game, even when it is really cold and miserable. However, we also support all other Panther athletic events. We are the members of the AD Club (Athletic Department Club). The AD Club is sponsored by Mr. Raicevich. Chris Chinni remarked, "AD Club is so much fun because you get to meet so many people at the athletic events."

The reason for the AD Club is to sell tickets for all of the events at Euclid.

There are a couple of shifts so everyone will only miss one or two quarters of the game. AD Club is a lot of fun because you get to meet many people. (including the football players!) Also, AD Club members get in free to the sporting events at Euclid. AD Club offers new experiences, loads of fun, (especially at the Joe's game!), and a chance at getting caught up in that ever-contagious Panther Spirit.

Someone To Lean On

This year at Euclid, many students might have found their class material to be difficult or too challenging to tackle without some extra-help. One way of getting help was to sign up for a Peer Tutor. Peer Tutors were selected by their teachers on their knowledge of certain subjects or fields. They helped their peers with academic subjects during study halls or lunch periods, completing much work. This program seems to be a good idea, and from student feedback, it is.

Speaking of peers helping peers, at one time, Euclid had a peer counseling group. Last year, a new group was born, -Teen Institute. (T.I.) By the work of two concerned students, Mrs. Marilyn Beachy came to lead the group.

Over a period of time, she got over 20 students to join. This year the T.I.'s are bigger and better, more students have joined, and new ideas were formed. T.I. worked on a series of skits, "The Medicine Show", and performed them for elementary and middle school students. The skits showed both drug problems and situations. Mrs. Beachy hopes to build the "Just Say No" program, (of President Reagan's) not only at the high school, but at the middle and elementary schools. The T.I.'s do work on personal insight, which helps them relate with other people's problems. Marilyn can say she respects the T.I.'s not only for their help, but their love as well.

President's club seeks culture through art While Cultural Club explores the culture of races

Contrary to popular belief, the President's Club is not a movement to overthrow the President of Student Council. (sorry, Bill!) It is also not a club designed to discuss living or dead Presidents. What is the President's Club? (I hear you cry!) Well, it is a culturally active group composed of those at Euclid High School who would like to round their education by attending certain social events.

They attended plays, orchestra performances, and dinners in fine restaurants in order to develop a palate for finer foods. Their goal is to plan a trip to Toronto for the Club officers and members.

The President's Club has three presi-

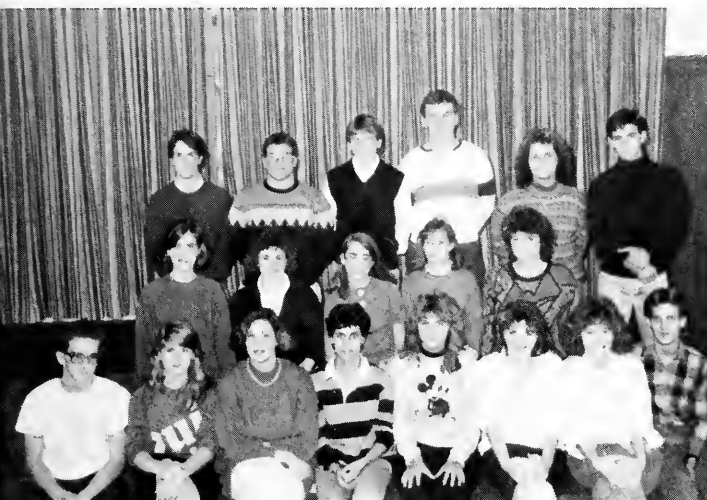

dents: Amy Terango, Jeffery Alan Coy, and Michael Alan Peters. According to Amy: "The President's Club would like to be known as the club where everyone has his on her own voice! The Secretary is Renee Rolik and her busy assistant is Beth Pekol. Acting as Treasurers are Stacie Davis and Pepto-Bismal Pink Pam Swyt. Bonnie Parker has been graced with the title of Personnel Officer. The sponsor is Mrs. Judith McLaughlin. All of the officials have had past leadership experience and have merged to form the best cultural club ever- and it's right here at Euclid.

-Amy Terango

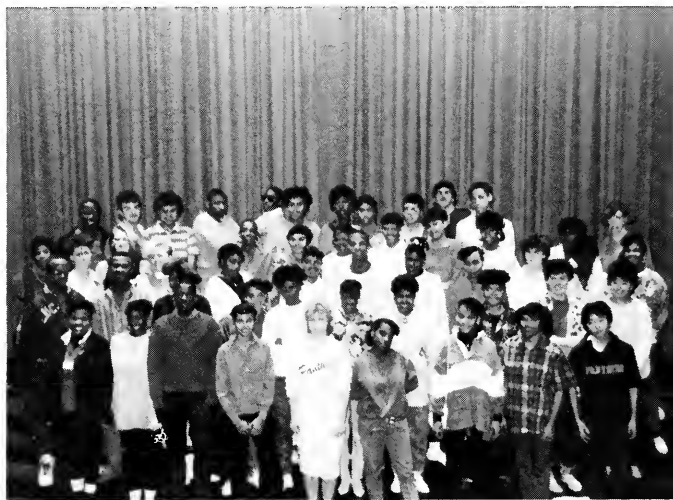

Euclid High's Cultural Committee was headed by Ms. Wilma Carroll. The

President was De Jarnette Lomax and the Vice President was Love Hudson. The committee was formed to help people of all races and nationalities learn about one another and live together in a better way. In the past the committee has sponsored a Slam Dunk Contest and Cultural Fairs. For the first time in Euclid High's history an assembly in honor of Martin Luther King Jr. was presented to the school on January 16, 1987 in the Little Theater. De Jarnette commented on the committee by saying, "I am so glad to have been a part of the Euclid Cultural Committee."

Media Helpers

Media Aides Help Student's Audio/Visual Input

The Euclid High Media Aides are a true asset to the school. Headed by Mr. Allen Black the A.V. men are responsible for the sound and lighting for such events as Senior Talent Show, Choral Concerts, and Big Show. The backstage jobs are often overlooked as being simple and effortless but without the dedication of these young men the shows could not go on. The Audio Visual department is also responsible for delivering movie projectors, overheads, cassette players and VCR's to teachers. Thanks Media Aides. The school wouldn't be the same without you.

Great Outdoors

Students in the Outdoors Club all have one thing in common...they like to be outside. Some of the activities that members participate in are camping and hiking and cross country skiing in the woods. The group usually makes several trips to the Madison property for this purpose. The members find that the outdoors are enjoyable. Adam Stauffer said "I can't wait until the next campout".

Office Aides are the students that help do many of the office chores at the high school. They get a chance to use their typing abilities and learn about filing and how an office works. They are especially useful for interrupting classes to bring messages to students from the office. They perform duties that many secretaries are trained to do. The Office Aides make it easier for the professional staff to function. Most of the members really enjoy the work but as Tanya Lomac said, "Lunch periods can really get hectic because of all the people moving around".

Unnatural Snow

Near Record Number of People Enjoyed Ski Club

Question: What has 114 smiles and 228 boards on their feet?

Answer: The 114 members of the 1986-87 Euclid High School Ski Club.

The 1986-87 Ski Club was one of the largest that the school has ever had. Unfortunately, Mother Nature did not co-operate with the skiers at the beginning of the season. The amount of snowfall for December was an all time record low with the temperatures seldom going below freezing so the ski areas could only make snow occasionally. Skiing began at Bostom Mills Ski Area in January on man-made snow. Despite the poor weather the students were able to have a good time due to the ski area's ability to make snow. Winter came in the middle of January and it became much more enjoyable.

On Martin Luther King Day, forty-seven students went to Cockaigne Ski Area in New York for the annual out-of-state ski trip. There was lots of snow and no crowds. Cyndi Limbert said "it was one of the best ski trips I've ever been on. I wish we could go again."

Have You Heard the News

Ever wanted to speak your mind or to hear what your peers have to say? Chances are you picked up a copy of The Survey, Euclid High School's newspaper.

Headed by Editor in Chief, Jeff Coy, The Survey is composed of: Assistant Editor, Mike Peters; Art Editor, Jonathan Lange; Sports Editor, Mark Smith;

Advertising Manager, Pat Cater; about thirty reporters and three to five photographers. All contribute articles, commentaries and photographs for each issue.

Like most newspapers, The Survey allots space for readers to speak their mind on issues affecting them. The Survey also updates students on the latest

school-related issues. Senior, Amy Terango summed up the general attitude that is found among members of The Survey staff, "The Survey has never been better and I know many teachers feel the same."

Expressing Literary Talent

Perhaps one of the best kept secrets at EHS is Eucuyo, the literary magazine composed of prose, poetry and artwork that is created by Euclid High School students. It is published and sold annually at the end of the year for the enjoyment of fellow students.

This year's staff is led by advisors, Miss Judith Carmody, Mrs. Joan Lidrbach and Art Advisor Dr. Anna Araca. The student editor is Todd Dickinson. The staff meet approximately once a

week. They review works submitted by students or their english teacher. The works are then ranked. Those receiving the highest praise are selected to be entered into the Eucuyo.

One major goal fo Eucuyo this year is to increase its forces and make students more aware of what Eucuyo is. Hopefully, this year will be successful for Eucuyo and its staff.

Putting The Pieces Together

Conglomerating the many participants and activities of Euclid High School was, as always a challenging and time-consuming effort. The task was accomplished with the excellent leadership qualities of editor, Janet Sterbank. "The staff was again small, but very dedicated toward putting in the time needed to get the job completed," she said.

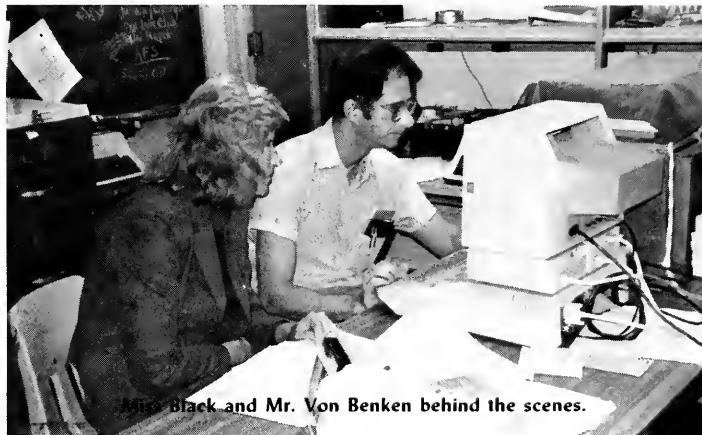

The faithful computer once again played an important role in indexing and recording copy. Editor of the Senior Section, Tanya Lomac, expressed, "It was great fun, and I'm extremely glad I have a computer at home that cut down on the hours that I had to spend after school."

Third year advisor, Mr. William Von Benken, and second year co-advisor, Miss Katie Black, realize and appreciate the long hours and wish to thank those who spent them to create this year's *Euclidian*.

A Lot of Talent

Senior Talent Night Gives Seniors A Chance To Show Off

The magic started at seven-thirty, Friday, November 21. Over a hundred and twenty seniors and their friends put on an unforgettable display of their talent and imagination. The acts were very diverse, adding variety to the show. The performers were given less than a month to prepare what most of us saw at the show. Comedy crew members were given about two weeks to put their skits together. For a while, it looked like nothing was going to come together, but on that Friday night, "something" was there that made the whole

show blend beautifully.

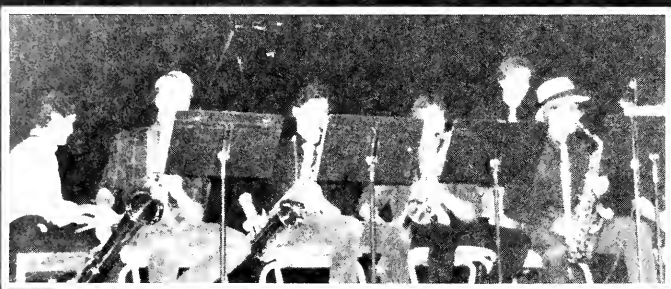

So much hard work was put into Senior Talent Night, especially by the master of ceremonies: Jon Lange. Deena Daugherty and Tracy Stone. In no more than a week, they put together the humorous introductions that we heard each night.

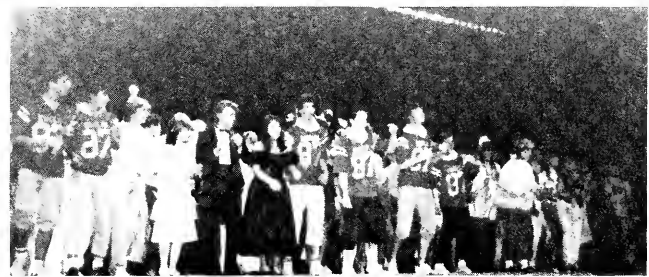

The bottom line is that through hard work, great supervision, talent, imagination and most of all, togetherness, the class of '87 created and recreated the "magic" that we always knew they had.

There were sharp contrasts in the acts. The bands "Question" and "Fair Warning" rocked us, the "Mellow-Tones" entertained us with their 50's sound, and the Euclid Jazz Band capped it all off with some cool numbers. There were the "Girls for all Seasons" and a Beauty Contest featuring football players.

Special thanks go out to Miss Bambic and Miss Amato because without them the show could never have gone on as smoothly as it did.

Learning The Business

O.O.E.A. was a club at Euclid dealing with the business fields. The group was a state mandated organization connected with the vocational business classes. One main aspect of this club was to learn leadership by holding office competition. Mrs. Rash, Mrs. Paskert, Mrs. Von Drak, Mrs. Weaver, Mrs. Bensusan, and many other teachers helped sponsor this group. Mrs. Rash was the main sponsor here at Euclid. Most vocational classes took part in this club and set certian times aside to organize state mandated business topics. Mrs. Rash felt this group was of professional quality and hoped the school would take notice of it.

Wai Napolo Shows Off Their Legs

This year Wai Napolo gained five new members: Dawn Kirchner, Jessie Novey, Balee Riley, Sandi Samas and Kristina Siupinys. Wai Napolo also retained sixteen old members. The officers were: President Kim Lawrence, Vice-President Sherry Jaworsky, Treasurer Vicky Jaworsky, Secretary Cathy Day, and Historian Lara Lomac. In the fall the members voted on a theme and Broadway won. Senior Show Director Sherry Jaworsky and her assistant Junior Show Director, Debbie Miller, were put in charge of land practices and show schedules.

The beginning of the year was very busy with tryouts and practices. The winter slump came when the pool was monopolized by the swim team, so the members directed their attention to working on writing numbers and even had a candy sale.

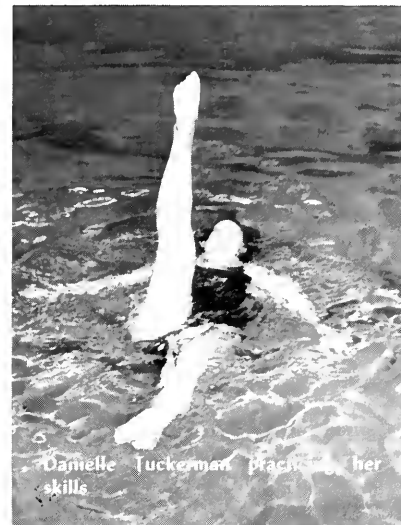

After Christmas break, numbers were expected to be finished and the club started practicing these numbers on land in late January. When practices intensified, Tanya Lomac's favorite saying became, "Are you a prune yet?" Throughout February and March the practices intensified until they reached their climax in May. During May the "Wai Nerpolo" members were expected to be at practice every day. As show approached, Cathy Day was heard saying, "Oh no, it's happening again-chlorine is causing brain rot!" Spring break was no vacation for the dedicated members who had to be at the pool from 8:00 'till 12:00 everyday except for Good Friday.

While practicing for show, some members also found time to prepare for and go to competition. Finally after months of practice, everything paid off. The night of show had arrived. In a flash May 8th and 9th were over and everyone breathed a sigh of relief. Show had come and gone and now no one had to worry about long evening practices and squeezing in homework. But after a few weeks, every single "Wai Nerpolo" member felt a void in their lives. After some thought they realized that they missed the practices. Because no matter how much they cursed and got fed up with everyone else, when the show was over, they came to a conclusion that all the work had been worth it.

Winter Holiday Fun

After years of being impressed with Miss Judith Carmody and her spring plays, the Little Theater has traded them in this year for a Christmas spectacular. Over 600 grade school children were treated to free performances of three plays, *The Foolish Fir Tree*, *A Gift For Santa*, and *Santa's Spectacles*. *The Foolish Fir Tree* featured Kim Master-son, Jessie Novey, Roz Blackmon, Rana-da Cooper, Beth Hammer, and Liz Oroz. *A Gift For Santa* included Kay Corrigan, Mike Betts, Lori Dalessio, Katie Martin and Todd Trevarthen. *Santa's Spectacles* had the largest cast, which included Mike Betts, Lori Dalessio, Hei-

di Martin, Krista Mews, Brinda Kumar, Paula Schaefer, Julie Barcza, Missy Long, Heather Rowe, Katie Roach, Roz Blackman, Beth Hammer, Kay Corrigan, Liz Oroz, Jessie Novey, Heidi Martin, Matt Bleigh, Tom Wirbel, and Kim Masterson.

Along with the many cast members, the plays also needed the help of Dave Kaleal for lighting and set, Todd Dickinson for sound, and Beth Hammer as sketch supervisor. Last but not least, we can't forget Miss Carmody, because without her direction, none of this would have been possible.

Euclid's New Administration

The administration at E.H.S. saw many changes as the 1986-87 school year began. Last year's assistant principal, Mr. McGuinness, rose to become the "head honcho." Mr. Antonini took command of the associate principal office. Mr. Seymour, former football coach and teacher, has become the 12th grade unit principal and Mr. Perez, the new kid on the block, took control of the 11th grade unit office.

All of the new administrators were teachers at one point in the many years of their academic careers. They had various reasons for leaving the teaching and joining the administrative team. Mr. Seymour needed a change and wished to focus his energies on one job rather than two (coaching and teaching). Both Mr. McGuinness and Mr. Perez saw the opportunity to become leaders and took advantage of it. Mr. Antonini made the switch because he wanted to reach more kids through school activities and be involved with more fields of learning. They all, however, agree on what they miss—closeness to the students—and what they don't miss—GRADING PAPERS!

The job of an administrator may seem dull and monotonous to outsiders, but Euclid's leaders have made their jobs quite interesting. For instance, Mr. Seymour has glanced at the

floor only to find that he is wearing two different shoes. Mr. McGuinness has been known to lecture a student on how to clean up his life and then discover he is yelling at an innocent bystander. Mr. Perez has had to deal with a kids who didn't want to take the rap for possessing marijuana so he ate it. But Mr. Antonini takes the cake with his "most embarrassing moment." While teaching English, his pants split. Obviously he couldn't teach for the rest of the day with a hole in his pants, so, after the period ended and the halls cleared, he raced to the teachers lounge. He then waited while the girls in Home Ec. repaired his pants.

As administrators, they sometimes find themselves in unpleasant positions. Mr. Seymour's biggest problem is getting the kids motivated to get through their senior year. Mr. Perez finds it difficult to deal with parents who refuse to believe that their child can do anything wrong. Mr. McGuinness' gripe is that because Euclid is so large, he can't be as close to the 2000+ students as he'd like to be. Mr. Antonini worries about other things, such as money. "There just isn't enough money for the staff to do the things that need to be done." This includes hiring more teachers, expanding the curriculum, and having more field

trips.

Each of these teammates described himself differently. The jovial Mr. McGuinness says he is "funny, patient, creative, and unlikely to go home nights." Mr. Antonini describes himself as "fair, honest, and polite." Mr. Seymour characterizes himself as "understanding, caring, and enthusiastic," while Mr. Perez portrays himself as "energetic, fair, and consistent."

A. P. Pressures

"A. P." It sounds like a disease, doesn't it? It may just be your lucky day, because you just guessed right! "A. P." is a disease and I can tell you all of the symptoms!

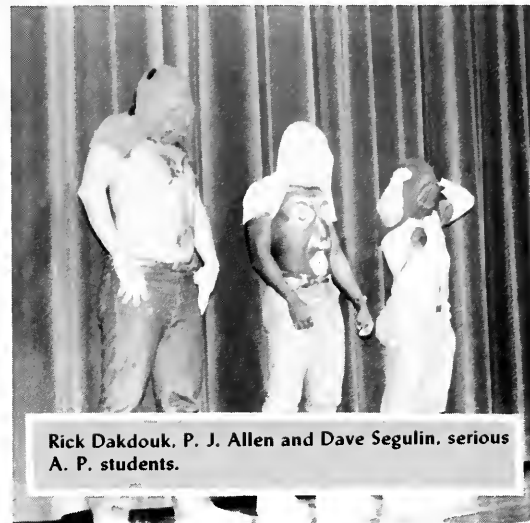

Yes, unfortunately I was once a victim of this incurable illness. I can spot an afflicted person anywhere. The symptoms, you ask? Usually the person is the scholarly type with very large arm muscles (from carrying books!), suffers eye strain, and averages four to five hours of sleep a night. Many victims skip meals in order to study, continually walk around in a daze mumbling about History "Thrillers" and "The Mole", and often are caught red-handed stealing chemicals from science lab rooms. Are these people insane you ask? Is there a method behind all this

madness?

Actually, A. P. students do have a reason for putting so much time into their studies. By taking excellent Advanced Placement (yes-that is what it stands for!) classes, students work at the college level, having the opportunity of taking A. P. exams in the spring. Scores of 3,4 or 5 typically earn students college credit and allow students to skip many standard freshmen college courses and save themselves thousands of dollars in college costs.

So the next time you spot someone with those A. P. symptoms, take heart. Although they are killing themselves today, they'll be a step ahead in tomorrow's world.

Pass/Fail Fails

The Pass/Fail Option Is No Longer Available

This year the high school eliminated pass-fail. When I asked the reason behind this move I was told that for a few years now it had not been used as it was intended. Pass-fail was originally designed to allow students in honors-level courses to take non-honors electives without being penalized. In the beginning, pass-fail was to be used for

classes such as foods, art, or wood shop. Recently students have been taking major classes pass-fail so all they had to do was pass the class, thus defeating the purpose of this option. Some people feel that pass-fail hurt some courses because many students didn't apply themselves in courses taken pass-fail. Now everybody is in the same pre-

dicament and no one can benefit from pass-fail. One senior said, "I think they should have let the seniors, juniors, and sophomores finish their years at the high school with the benefit of pass-fail and had the freshmen start off without it."

Planning Ahead

Career Office Allows Students To Seek Job Opportunities

One of the biggest mysteries at Euclid High School is, what is the Career Office? It is not the athletic office or Mr. Mc Guinness' office for that matter. Run by Mr. Robert Yocum, it is the place most juniors and all college bound seniors eventually find themselves if they hadn't already discovered it as freshmen or sophomores looking for jobs on the job board.

The Career Office provides students with much needed information. It has a Career Library with literature on most U.S. colleges and careers. Many students utilize the COIN machine, a computerized career and college info program, the video tapes of colleges and the laser disk machine. All three pro-

vide more information on colleges. The COIN(Coordinated Occupational Interest Network) program also provides information on careers. Students who wish to take the PSAT/NMSQT, SAT of the ACT find themselves in the Career Office picking up the registration forms. The GATB, an aptitude test, is used in conjunction with the OIS, an interest survey, to help students in their career choice. Any student may sign up to take this test.

It is through the Career Office that representatives are scheduled to talk to students about jobs, colleges, tech schools, and business schools. Also it provides assistance in applying for fi-

nancial aid to parents and students through its Cleveland Scholarship representative, Mrs. Dalheim.

In the senior year as students are looking toward college they stop in the Career Office to pick up college and scholarship applications. Once they have filled everything out, the students drop off the applications so that Mrs. Judy Paul can attach their transcript and then send it off to its respective college. Any questions that students have about the Career Office can be addressed to Mr. Yocum, Mrs. Paul, or one of the many competent student secretaries who will be happy to help if they can.

New Photography Class Allows Students To Develop their Photography Talents

This year's art classes have been divided up to compensate for other classes that students want to take. Students can now take other classes and still have one or two periods to fit an art course into their schedule.

The art periods considered "Art 2" still deal with drawing, painting, clay molding and photography. New this year, are two individual photography classes for those interested in the Art of Photography alone. Since Miss Arthur came here, she has been pressuring the Board of Education to make a separate photography course and this year, just as she thought it would not happen, her dream came true.

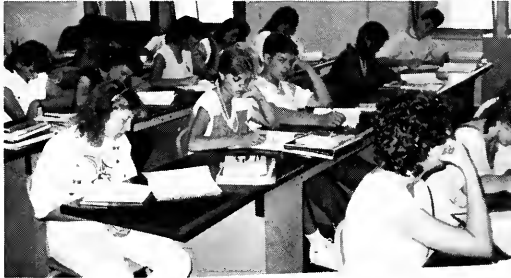

Arts 1 and 2 are only two periods

long and photography is the only one which gives the art teacher a lunch and a preparation period in order to get materials ready. To all of those out there who like goofing around with a camera or are really into arts, it is suggested that you take a deep look into this subject and the class. You've all heard the saying, "You'll never know if you like it until you try it." You're not going to know what you're missing until you see what you learn from this course! It is guaranteed that you will make new friends and learn things you never thought possible in this course in the Art of Photography.

State Visitor

Governor Celeste Visits Euclid For A Day

On October 30th, gray skies and brisk winds greeted Governor Richard Celeste as he visited Euclid High School yet again. He brought with him this time a grant and nearly 1.2 million dollars for Euclid's General Motors/Inland Plant. This money was desperately needed for the purchase of equipment and for job training facilities. It is also hoped that this grant will lead to the plant's winning of new contract bids. This could result in the creation of

nearly 1300 much needed jobs.

Why was this announcement made at the Home Of the Panther? Back in August, Congressman Edward Feighan, D-19, and Governor Celeste announced that a grant of nearly one-half million dollars would be awarded to the plant to help restore jobs. This grant was to be administrated, in part, by the Euclid Public Schools System. Therein the connection lies.

However, the opinion of many is that

the visit to E.H.S. was merely a photo opportunity for the Governor. Indeed, the local media was on hand, and it seemed as if he scored a public relations coup, and only weeks before his reelection.

Nevertheless, the Governor's visit did mark a special day at Euclid High. The grant he offered will go to help many in the Euclid area.

Writing On The Walls

Euclid Art Students Brighten Up The Halls With Colorful Murals

This year the students in Miss Arthur's Commercial Art Class are brightening up the halls of Euclid High School with their artistic talent. The class has designed and painted various murals throughout the school to increase panther spirit.

Mr. William Mc Guinness suggested the idea of new murals, because they make a positive statement about the school. The idea became a project for

the students taking Commercial Art from Miss Arthur. The students began sketching ideas for the murals. They were grouped with other classmates with similar ideas. They composed a cooperative sketch of their particular mural. When the sketches were okayed by Mr. McGuinness, the artists were ready to paint. Most made a grid on the wall so that they could make an accurate scaled drawing of their sketch.

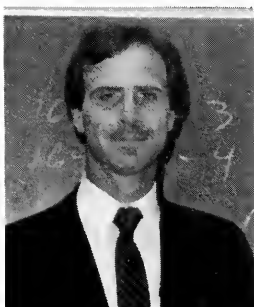

They painted the murals during art class, first through fourth period, until they were correctly completed.

The murals are everywhere from the third floor to the cafeteria. They display true panther talent and spirit, so the next time you take a scenic walk through the halls of Euclid High, take in the talent of the finest commercial art class.

Learning The Technology

Tech Mech Class Learns How Automation Affects Lives

Computers, robots and lasers have created a new high-tech manufacturing. Industry employers now need a new kind of student. To teach students the science and math of industrial technology, Euclid is now one of three school districts in Ohio to offer Tec-Mec. The title stands for Total Educational Concept-Manufacturing Enhanced Curriculum. Students who sign up for this program complete advanced math and physics, taught by Mrs. Pat O breza, and an extensive lab with hands-on machining, drafting, and computer work with Mr. Jim Simpson. These courses are completed in the junior and senior years and provide the foundation for a long lasting career.

Job Shadowing is a window to the future. Juniors and seniors may participate in the program offered in the High School. The purpose of the program is to provide information about a career that would ordinarily be impossible for the average student to obtain. If one signs up for the program, he is enabled to use the computer located in the career office and "shadow" a career of his choice. The participant will then follow a person in the field of his choice through a workday. The experience of the day often provides one with an abundance of information that cannot be found in a text book.

Denver was the team that extinguished the fire in the Browns' fans.

This is what happened after the Bronco game.

THIS IS A GENERIC SIGN GO TEAM!

They swept us off our feet and brought out the child in all of us. They taught us the thrill of victory and how to handle the pangs of defeat. They brought thousands of people together and united a whole city. They brought a new excitement into life. They are, in a word, the Cleveland Browns.

Winning the AFC Central brought our Brownies into the spotlight. With QB Bernie Kosar, our team was unstoppable. Bernie plus the Dawgs of defense went into the playoffs with a 12-4 record and home field advantage for an ecstatic city. As the Browns faced the

ping double overtime field goal victory, Cleveland fans went from wild to wilder. The city seemed to turn brown and orange overnight. People painted their faces, started yowling like "Dawgs", and even wore official Brown's boxer shorts. The city gained millions of dollars and the national limelight. But, most important was the excitement and vitality for life that each Clevelander gained from the Brown's stunning victory.

Although a hush fell over Cleveland Stadium as the Denver Bronco's kicked a controversial field goal to win the

AFC crown, the Brownies are still hot. They know that next year 80,000 fans will be cheering them on. They know that 1986 brought their team farther than they had come in many years. 1986 was definitely a season to be proud of. 1987 can only bring better things for a team and city hungry for a SuperBowl birth. We at E.H.S. know that our team can, and will, be victorious. Our city has been knocked down before, but watch out world, 'cause those Browns are still SUPERBOWL BOUND!!!!

Born To Serve

Senior Elf Day, December 19, 1986, gave Euclid seniors the chance to dress in bells and green tights and raffle themselves off to their fellow students. Anyone could purchase tickets, and teachers and underclassmen, as well as seniors, were the proud owners of a genuine Senior elf. All students who wished to participate were required to sell at least ten tickets. Denise Fair sold the most tickets of the approximately eighty elves. A record number of boys took part this year, and all agreed that this year's Senior Elf Day was a great success.

On December 9, 1986 the Euclid Cultural Club sponsored Euclid High School's blood drive. This semi-annual event has become an important event in the school calendar. It gives students a chance to help others by giving something that most people take for granted. It doesn't cost anything to donate. You get a free snack when you are done, and it enables some students to get out of classes for a couple of periods. It is very convenient since the Red Cross comes to the school so the donors do not have the inconvenience of seeking out a place to donate. Also, students can be with their friends when they donate, which is a greater incentive. It shows students at an early age the value of helping others. By reading the supplied pamphlets they also learn about blood and human diseases. It helps students get over the fear of hypodermic needles and the notion that there is a lot of pain involved. The blood drive is something that everyone should participate in.

Seniors Pick Their Favorite Movies and Books

The class of '87 was a class that enjoyed time off from studying by both spending time with friends, going out to movies, and by enjoying some time alone with a favorite book. Favorite books included *Wuthering Heights*, *Of Mice and Men*, *The Thorn Birds*, *The Outsiders*, *The Catcher In The Rye*, *To Kill A Mockingbird*, *Flowers In The Attic*, and *Gone With The Wind*. As far as movies, favorite flicks with seniors were

"Top Gun", "Breakfast Club", "Stand By Me", "Sixteen Candles", "Crocodile Dundee", "Out of Africa", "The Karate Kid", "Pretty In Pink", and "Real Genius". Whether alone or with friends, reading a book or watching a movie, E.H.S. seniors knew how to forget their studies and just relax when the end of the school week came around.

Favorite Teachers And Classes

Seniors Relate The Classes They Enjoyed Most

When it comes to favorites, this year's senior class had some definite opinions! The senior class, asked to name their favorite classes and teachers, were very much in agreement. The class that the seniors liked best was the ever-popular study hall, followed closely by lunch, Photography, Band, Choral Masters, Government, and quite naturally, the Class of '87!!! Favorite teachers were "Biff" Wencing, Coach Banc, Mr. Burns, Doc Powaski, Mrs. Tkac, Mrs. McLaughlin, Mr. Raicevich, Miss Bambic, and "Quick Carl".

Seniors Admire...

Poll Shows Who Seniors Admire Most

Even though it was the seniors that the rest of the school looked up to, there were certain people that the seniors admired a lot, too. The most admired people of the Class of '87 are: parents, siblings, Mr. Seymour, Mr. Raicevich, Mr. Godfrey, President Reagan, Dan Rather, Barbara Walters, Bob Dylan, Meryl Streep, John F. Kennedy, Martin Luther King Jr., Janet Jackson, and Marilyn Chambers.

Student's Choice Of Favorite Radio Station Shows Wide Variety In Musical Taste

The 1987 Euclid Panthers were a group that most certainly liked to rock!!! Favorite radio stations among seniors included WMMS, WRQC, WNCX, WZAK, and WLTF. When not jamming to their stereoes, seniors enjoyed going to rock concerts at the Coliseum and Blossom Music Center. Not surprisingly, the two rock groups on the top of everyone's list were Bon Jovi and

Genesis. Other popular groups included: The Bangles, M.S.B., Huey Lewis and The News, Journey, Chicago, and Boston. Favorite solo artists were Billy Joel, Bruce Springsteen, Van Halen, and Peter Cetera. All in all, the class of '87 was a class that showed to all that Cleveland IS the home of rock and roll!!!

Biting your nails, you look nervously at the clock. Five more minutes until you open the plastic, safety sealed test before you. Three sharpened No. 2's and three ink pens (just in case!) grace the desktop. You know you have been prepared by some of the finest educators anywhere for the Advanced Placement Examination you are about to take. Now, it is the moment of truth. Will you blossom or will you freak? For most Euclid students, excellent preparation plus fine instruction equates into superior results and hours of college credit for a mere \$53.00 examination fee.

Preparing for A.P.'s (as these grueling tests are so affectionately called!) involves intense study and heavy workloads in Advanced Placement classes. A.P. preparation involves not so much studying just the day before the exam

as concentrated daily class work and hours each night in order to gain a full working knowledge of subjects ranging from Spanish to Calculus, History to Computer Science. Of course, review is mandatory for students hoping to gain college credit from their high school studies. Students review old notes, take previous year's A.P.'s, and listen to pointers from their instructors, many of whom actually grade A.P.'s each spring.

Euclid High School has one of the finest A.P. programs around. Ask any Euclid graduate who took part in the program, and all will agree that the fine preparation and intense studying paid off in the end when they received many hours of college credit while still in high school, thus saving themselves thousands of dollars.

Mark Smith, Amy Terango and Mike Mehls all agree that college is the way to go.

Christina Turkall is one of the many that must make this hard decision.

Above: Stacie Davis, Lesley Ferrara and Renata Grahovac know that having a homeroom in the career office can be very helpful in making future plans.

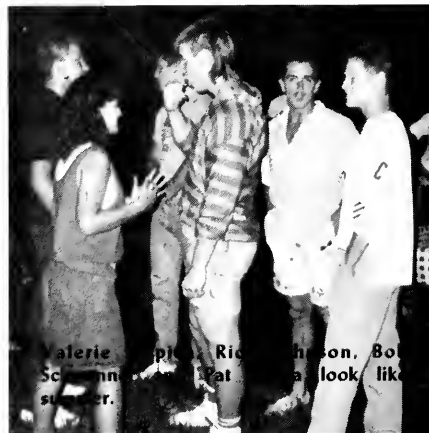

Left: All seniors know that the first step to a college education is studying.

Summer of '87

- Tanning on the beach! (Katarina Oroz)
- Taking an exotic vacation somewhere and getting a great tan.
- Going where the men are!
- Getting a job and making money for college. (Sue Redman)
- Going to Europe. (Scott Scherbarth)
- Kicking back, raking in the bucks from my graduation party, and just hanging loose. (Ray Leonardi)
- Resting, swimming, and AVOIDING books!
- Being a burden on my mom until she goes crazy. (Dejarnette Lomax)
- Making a race car to break the sound barrier. (Tim Pretchel)

When taking a break from those books (or trying to AVOID remembering their presence!), the class of '87 spent a great deal of time in front of the television set! T.V. shows that rated highly with seniors were: *Cosby*, *Moonlighting*, *Family Ties*, *Night Court*, *Santa Barbara*, *Cheers*, *General Hospital*, *Who's The Boss*, and *Growing Pains*. Seniors liked watching "the tube", because it provided relaxation while they were recovering from that dreaded illness called "senioritis"!

Many college-bound students have had to take the Preliminary Scholastic Aptitude Test, PSAT, in their junior year. How many of us noticed the letters NMSQT which are also a part of the name? They stand for National Merit Scholar Qualifying Test, and last fall three E.H.S. seniors, Todd Dickinson, David Steeves and Claudia Cummings, realized the significance of these letters when they were told that they had qualified as semifinalists in the National Merit Scholar Program. In addition Tanya Lomac, Mark Smith, Mark Mincek, Jeff Coy, Rob Carlson and John Flowers were commended. Congratulations!!

Second in G.C.C.

The Varsity Football Team ended the season with a fine 7-3 record, finishing 2nd in the league with a 6-1 record. The season began with losses to Cleveland Heights and St. Joseph, after which the Panthers recorded six straight victories before losing to Willoughby South in the championship game.

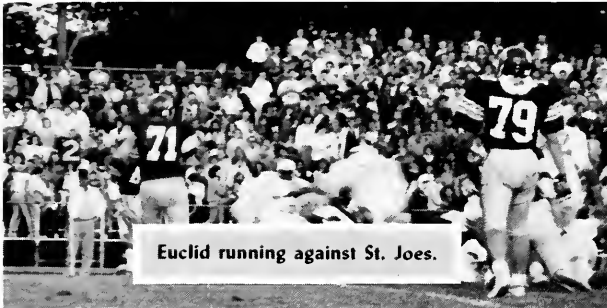

The Panthers had an explosive of-

fense, setting several offensive records. Joe Brechun had 38 catches and 10 touchdowns, P.J. Allen rushed for 1,100 yards and Dave Potokar threw for over 1,000 yards to help the Panther express gain over 3,200 yards this season. Much of the success of our offense was due to a very good line headed by seniors Paul Harris, Rich Johnson, Rob Lapuh and Dave Segulin. Defense

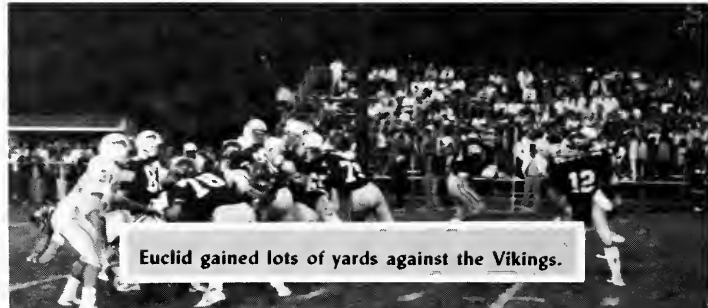

standouts included Robert Smith, Marty Lisac, Chad Ramlow and Dave Downing.

Overall, this outstanding team was able to perform well because of the leadership of our 31 seniors. An equally outstanding group of juniors will give us a foundation for next year.

With an outstanding year, Euclid's first and only undefeated J.V. Panthers had five shut-outs in an eight game G.C.C. season and ten game schedule. Starting in mid-July with thirty-five kids and great expectations, the team members gave up a relaxing summer vacation for practice. The hard practice paid off as tri-captains Brian Hughes, Michael Barnes, and Tyrone Gilham led the team to a victorious season. Although having problems with opponents St. Joe and Brush, the team stuck together, beating Joe's 3-6 and Brush 12-8 in a come-from-behind victory. The players proved to everyone that Euclid really is number one!

The 1986 Freshman Football Team put the icing on a perfect 7-0 season by pounding previously undefeated Bedford 34-0. The talented young Panthers dominated their opponents by outscoring them 268-26. The offense averaged 32.5 per game while a stingy defense gave up only 3.5. The first team defense gave up only one touchdown the whole season. These statistics were compiled while playing the majority of the games in soggy conditions. These young men showed improvement in technique and fundamentals each week while learning to play within a team concept.

A Disappointing Season

It was a case of too little, too late for this year's Euclid Varsity Soccer team. The team's record of 3-11-2 fails to show the talent possessed. But when the intensity was there, Euclid was capable of some great soccer. Euclid defeated Mayfield in both of their contests with them, but their greatest win was an emotion-packed victory over St. Joe's.

Many individual honors were bestowed upon Panthers. Mark Bartulovic was picked to the GCC First Team, the East All-Stars Second Team, and the News Herald First Team. Goalie Dave Wendel was named to the GCC and

News Herald Second teams and gained Honorable Mention for the East All-Stars. Dave Brickman, who will be captain next year, got Honorable Mention on the News Herald.

Team awards were given to Chris Barstow for hustle, Jack Coyne and captain Bob Airhart for outstanding defensive players, and Mark Bartulovic got the offensive award. Ole Bangstad won the Warren Levitt MVP Award.

Defender Jon Lange commented that, "The team had an exciting season, but it's those one goal losses that hit you." Coach John Gibbons was pleased with the leadership shown by this year's

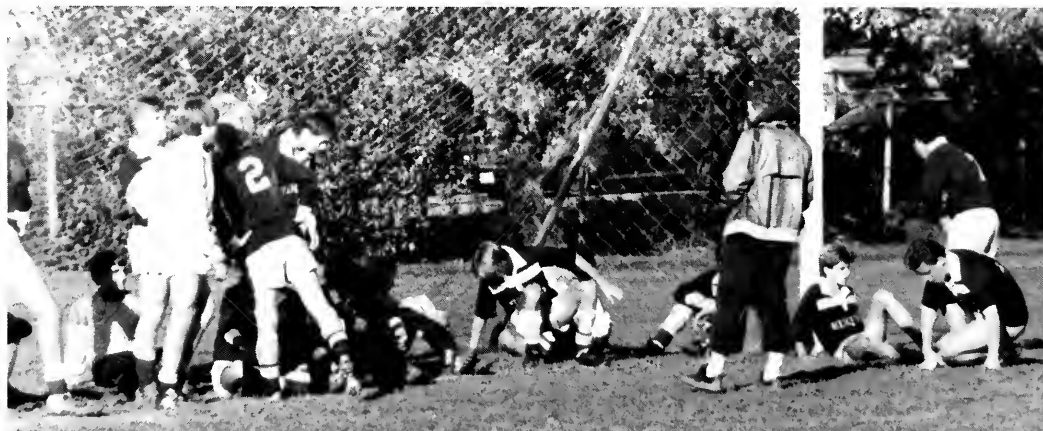

seniors. "There were a lot of bright spots on the team this year, and I am looking forward to seeing a good team from all of the sophomores on varsity this year.", said Gibbons.

Mike Durbin coached the J.V. team to a 7-4-5 mark for the year, which was led by Sean Quinn, Dan DiBartolomeo, and Brian Mausser. The team did extremely well considering many young players were taken by the varsity. Also having a strong season was the Freshman team coached by Mark Wardeiner. Certainly this team will provide players for better varsity teams in the future.

If effort alone determined the Panther Golf Team's record, the greensmen would have stood at 14-0 instead of their actual 2-12 mark.

Captain Jeff Slattery (a.k.a. Slats) possessed the top average of the team while providing spirit and support to the squad. Jeff was a member of the all G.C.C. team.

Scott Duke, Jason Straub, and Tom Wirbel improved their stroke through hours of vital summer practice. They contributed to the Panther's cause despite periods of seasonal strife.

Junior Chris Pinta proved to be the most consistent golfer next to senior captain Slattery. He had a great season and was a true asset to the team.

Tim Pae, Kevin Pritchard, John Shvak, Keith Speroff, Joe Solnosky, and Bill Tajgiszer are eagerly awaiting contribution to the Panther's cause in the fall of '87.

Tennis Team Beters Record from Previous Season

This year's team was made up of four seniors, two juniors and three sophomores. Senior, Chris Duricy usually played first singles and was a four letter man. For the second year in a row, Chris made it through districts to regionals, but just fell short of state by one round. Katrina Oroz played with determination, improved her performance, and received her third letter. Coleen Wajahn and Kim Novotney, newcomers this year, both contributed a lot to the team and received their letters. Junior, Val Stupica, having shown continual improvement during the season played both singles and doubles. Tracy Risko, who lettered was out near the end of the season with an injury. Sophomore, Chris Oboczky usually was one of the team's strongest performers in tournaments. Liz Oroz, another newcomer, also earned her first letter. Rounding out the team was Heather Morrison, who filled in for an injured or ill team mate. Though the team was small and suffered illness and injury, the line up changed often, but the girls pulled together to end their season playing many competitive teams. Regardless of the record, Coach Dzerowicz felt it was a successful season because of the spirit and improvement of the team.

The Girl's Cross Country Team had a great season. Many girls had injuries, yet with strong determination the Lady Panthers managed to stay among the top teams throughout the season.

The girls started their season by finishing seventh at the Avon Lake Invitational. Here they showed their potential and went on through their season to finish fourth in the G.C.C. and fourth at the district meet. The team placed ninth at the regional meet and it was also here where six runners set their personal bests with four under twenty-two minutes. The Pantherettes defeated many teams, such as Mentor and Madison, which they had not defeated during the season at both the district and regional meets.

Although not a record-breaking year, the girls worked around injuries, stuck together, and ran their hardest. All in all, it was a great season.

Spikin' It To 'Em

Varsity Volleyball Takes First in G.C.C.

Together: that's one word that describes the 1986 Panther Volleyball Team. The other is dominance, for the players controlled every match by dominating their opponents. The team had the best start in Euclid history at 16-0 before finishing 23-3 overall and 13-1 in the conference, which was good for their first ever conference title.

According to coach Donna Paderewski ("Sneaky P"), this year's team was the most coachable, talented, and family-oriented bunch she has ever had, and their record can speak for itself. Besides the GCC title, the "Big Blue Spiking Crew" registered other firsts as well. The team was ranked among the top twenty in the state, appeared in the district finals, clinched the Euclid Invitational and Sectional titles, as well as consolation in the Lakewood Tournament. In addition, Captain Shelly Teieli was All-Ohio Honorable Mention and MVP in the conference, Meme Vencil was also Honorable Mention, Karen Maroli and Megan Wandersleben were both First Team All Conference, Lynn Phillips was Second Team All Conference, and Donna Paderewski was the GCC Coach Of The Year.

The team has many good things to look forward to as five of the six starters will be returning to possibly capture their second straight title. However, the returning players would like to wish the best of luck to the seniors and to say thanks for one great year.

Under the direction of newcomer coach Jean Savage, the Panther Junior Varsity volleyball team ended yet another successful season with an overall record of 10-7 and 8-4 in the G.C.C. Players consisted of juniors, sophomores, and one freshman, Tiffany Teikieli. The team was a hard working bunch who only got better as the season progressed and all should contribute to next years success as well.

-Karen Maroli

The freshmen volleyball team was coached by Pat Buck this year. The volleyball team started off the season doing pretty well and ended the season taking the second place trophy at the Mentor Shore Tournament. They played well throughout the long tournament. When the game between Euclid and North came up, Euclid players beat North, perhaps because the tournament meant more to us and to our coach. One of the girls replied, "We really surprised North when we beat them." When asked about the tournament, Lana Seiler said, "When we were out on

the court we would never have made it without the team's great spirit." Another girl replied, "The people on the bench were breaking a bigger sweat than the people out on the court!" Euclid went through three long back-breaking matches against Mentor Memorial with a lot of good sets by Jill Enneper and Cyndy Cramer plus great spikes by Lana Seiler and Marlene Hribar. Although Euclid got second place, the girls had fun, played hard, and learned a lot. Everyone seemed happy with their seasonal record.

Varsity Ends In Three Way Tie For GCC Lead

The Boy's Varsity Basketball team, coached by "Doc" Daugherty and John Cayne, started out the season winning thirteen of its first fourteen games. The team was led in scoring by Junior Tri-Captain Derek Walton, who averaged over twenty points a game. Derek scored thirty-five points in an exciting comeback victory over Bedford. Senior Tri-Captain Brian Brown led the team in rebounds, averaging just under ten rebounds a game. Brian pulled down a season high of nineteen rebounds in a loss to Mentor. Other leading contributors to the team's success were Seniors Ray Singer, and Tri-Captain Rich Johnson. Junior contributors were A.J. Parker, Kevin Hudson, and Ray Rhone.

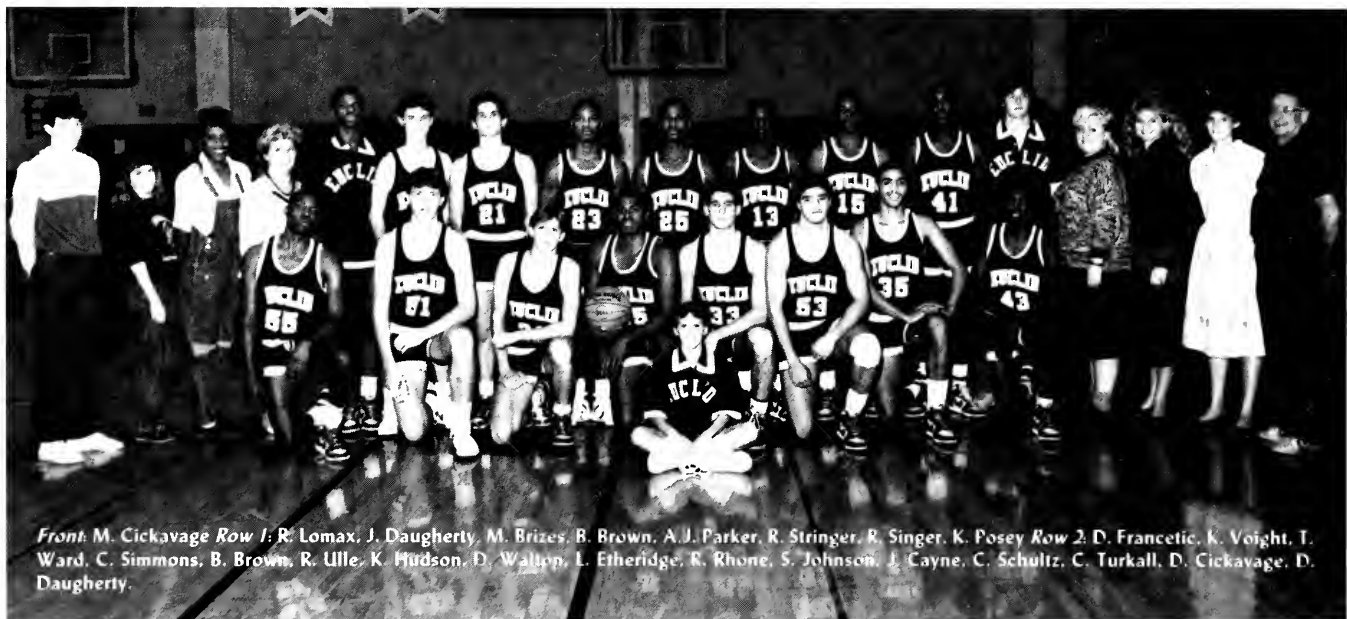

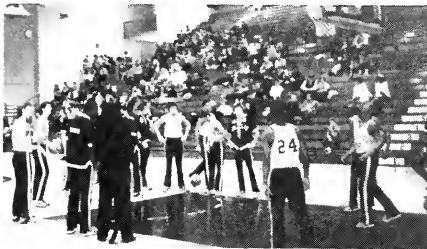

Rich Stringer, a sophomore, also helped the team. The "Blue Team Mercenaries" were a talented squad of second teamers who pushed the first team in practice. The "Blue Team Mercenaries" included Jeff Daugherty, Kurt Posey, Ron Ulle, Bob Brown, Clarence Simmons, and Matt Brizes. The mercenaries provided much of the cheering at the games.

All players had a chance to show off their skills in most games. This is a fine group of close-knit people who have the talent to be an outstanding basketball team. Plus, all but four players will return next year. Good things can be expected of this team for years to come.

The J.V. Basketball team had another very successful season under coach Turkall. They got off to a fast 9-0 start and never relinquished their first place claim en route to the G.C.C. championships. It was a team filled with a lot of individual talent and skill, complemented with hustle and hard work. Mr. Turkall's "hardest working team ever" and "one of his best", was led by starting guards and Co-Captains Mike Barnes and Mike Guilfoyle. Many players got into every game and contribut-

ed. "With the game on the line, I would feel comfortable with any of the thirteen in there", boasted the coach. By stressing perfect defense and patience on offense, the Panthers were able to force opponents into turnovers and score against any defense thrown at them. The leading scorers on the team were Mike Guilfoyle and Terry Roscoe, while pacing in rebounds were Ed Powers and Derek Krotine.

Excellent Frosh Team

Freshman Team Supplies Lots Of Talent For Later Years

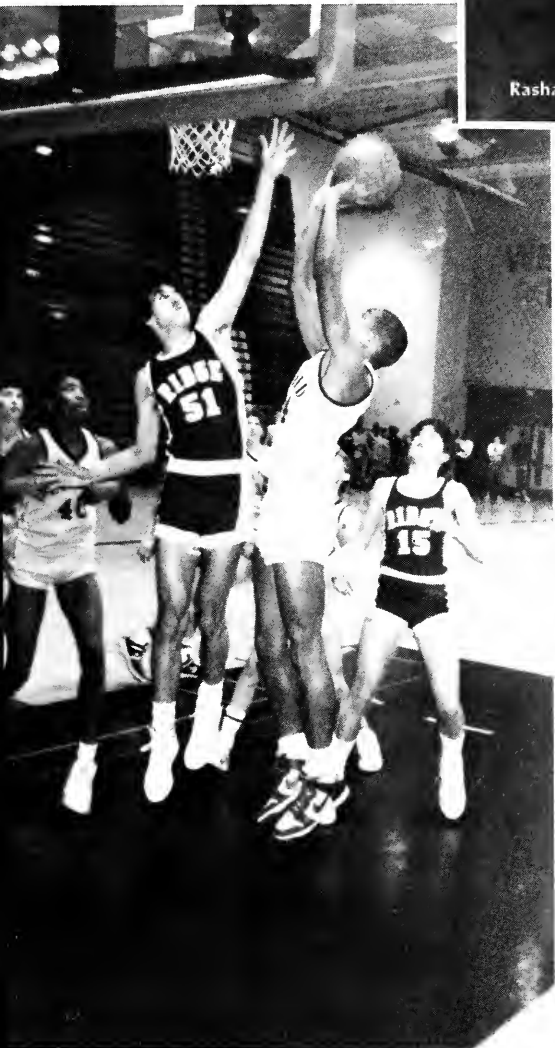

This year's boys freshman basketball team had a successful season under first year coach Richard Phillis. The team finished the regular season with an 11-3 record, and was headed to the Cleveland Heights Tournament. The team had to overcome a lot of adversity, including the loss of key players due to injury and ineligibility. The team was led by captains Joe Meden and Terence Bush, as well as the team's most consistent player, Rob Smith. All in all, with hard work and determination, the team pulled together for one fine season.

An Awesome Season For A Powerful Team

Junior And Senior Players 'Shoot Down' The Competition

Under first year coach, Terri Du Broy, the Lady Panther Basketball team concluded the regular season with their best finish ever. Despite having only three seniors on the squad the Lady Panthers clinched their first conference championship by finishing 13-1 in the G.C.C.

After suffering an early season loss, the Lady Panthers rebounded back to rattle off 16 consecutive victories; each one more impressive than the other. Included in their triumphs was a 90-28

pounding of Brush to set the school scoring record and a 47-40 win over Lake Catholic to win the Euclid Holiday Tournament.

Heading into post season play at 18-2, the Lady Panthers also had another first this season-they were recorded #1 in the sectional/ district tournament, up one spot from last year. After winning their district last year, the Lady Panthers hope to continue their winning tradition and make their second regional appearance.

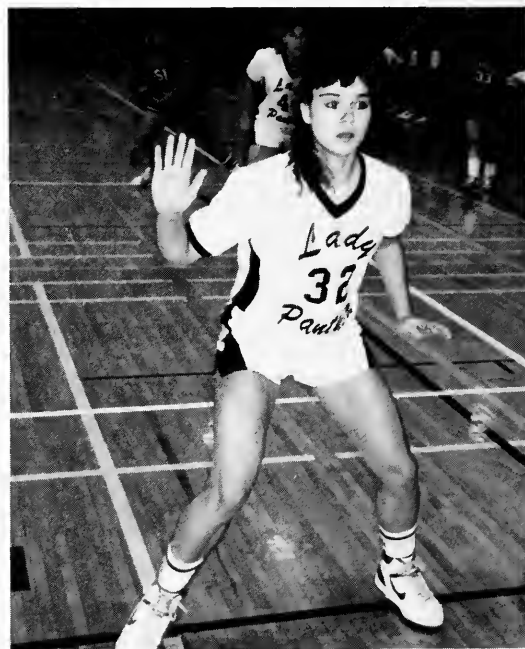

Members of this year's championship team were captains: Karen Stupica and Lisa Germano, senior Renee Guillory; Juniors: Karen Maroli, Meme Vencl, Lynn Phillip, Megan Wandersleben, Tracy Dembek and LaTonya Aiken; and sophomore Terri Sopko.

With most of the team returning, including all the starters, and strong junior varsity players, the Lady Panthers hope to finish next year with an even better season.

After finishing 12-2 in the G.C.C. and 16-2 overall, the junior varsity team once again finished atop the G.C.C. for its second straight year.

Coached by veteran Ray Force, this year's squad was very team oriented; working hard and picking each other up to reach their goals. Another noted accomplishment from the team was keeping their home victory streak at 23. The last JV home loss was November 1984.

Members of this year's team were: Laura West, Laurie Zigman, Jennifer Davis, Kelly Hyne, Carolyn Brandich, Gunny Meaney, Jeanette Sas, Kelli Vanah, Jennifer Petie, Leila Thomas and Chris Yurich.

With the talent each one of these members has, they will most certainly contribute to next year's varsity's success immediately.

It was a tough season for the Panther icers, ending with a 4-15 overall record. For the second season, they were led by head coach Gary Geldart and Assistant Coach Rick Wherly. The 1986 Baron Cup Division Cup II Champions were edged out by St. Ignatius for a spot in this year's tournament. Here the team was burdened in the mid-season with many injuries. Sometimes there were only seven skaters who were able to play. This year was supposed to be a record year for the Panthers with six seniors, six juniors, three sophomores, and only one freshman. Even though it was a tough season with many injuries, the Panther icers never gave up, and always tried to give it their best shot.

Almost Perfect

Euclid Loses Close Match To Maple And Takes Second In GCC

In the vast bowels of Euclid High School there lies a room. Lurking in this pit like gladiators of old are warriors of a new age. These warriors are the 1986-87 Wrestling team. Wrestling is a sport that requires much determination and dedication. Under the careful leadership of Coach King the matmen drill moves and condition their bodies to the brink of exhaustion. In addition each wrestler has to make the required weight each week which calls for careful dieting and willpower. The Varsity lineup included: Rick Rizzo at 98 pounds, Harry King at 105 pounds, Joe

Aquila at 112 pounds, Dan Harding at 119 pounds, Ken Mance at 126 pounds, Rich Kekic and Gerald Moore both at 132 pounds, Dan Newman at 138 pounds, Jeff Sas at 145 pounds, Pat Lauria at 155 pounds, Tony Lauria at 167 pounds, Bob Anderson at 175 pounds, Edward Eddie at 185 pounds, and heavyweight Rich Brewer.

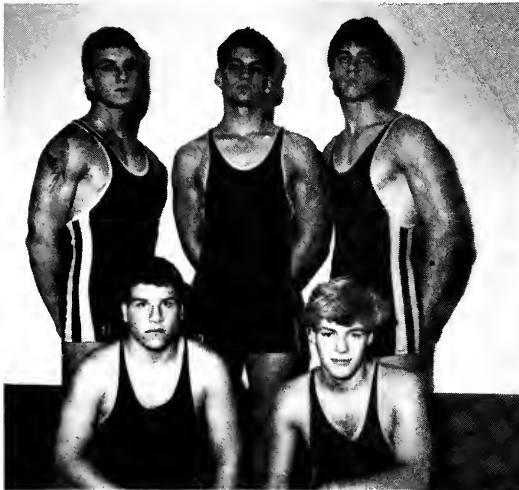

The team seemed to have some of last year's power as they were enroute to a second G.C.C. title when their fire was put out by a strong Maple Heights team. Previous to the Maple match the mighty Panthers were undefeated in 24

dual meets. The last time the Panthers lost was in 1985 to Maple Heights.

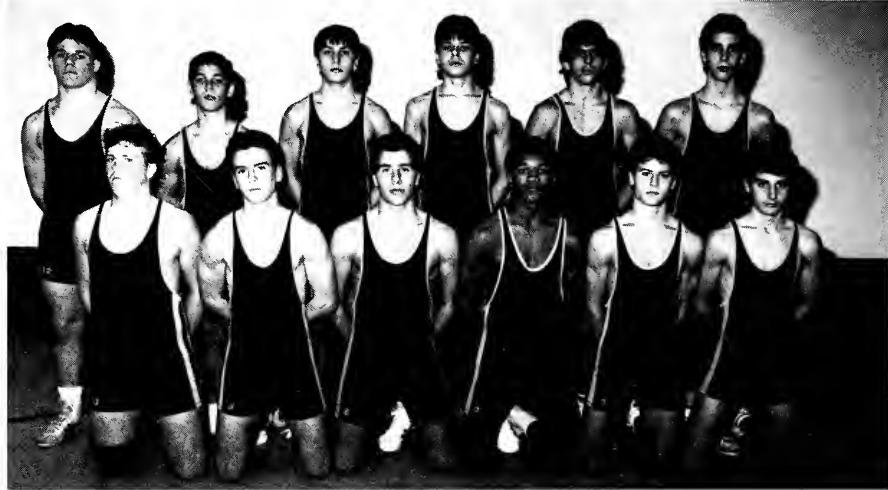

This season once again proved to have some very exciting matches. Contributing to this excitement was the "Panther Zone", the nickname given to the weight classes from 155 to Heavyweight. The "Zone" proved to be the deciding factor in the Mentor match.

Has the Panther dynasty ended? No Way! The Panthers Junior Varsity lost only one match this season. The JV matmen proved they have the potential to keep the dynasty going.

What is a Sports Aide? Are they just glorified attendants for the top athletes and the a group of athletes who play for their own sake? Many are not even sure they are the "Aide" and make the mistake of thinking they attend to the athletes. That leads to a lot of frustration as they do not get the recognition as they deserve, but they will give all their support to their team.

Great Track Record!

Indoor Track Team Has A Strong Season

Do you like running in circles, breathing heavily and sweating profusely? If you do, then you are a mental outcast called a runner. Here at Euclid, we have a place just for you- the indoor track team. If you enjoy any of the above activities and are not on the team, then you should be. Where else can you smell like a pig and have the honor of team participation too??

Both boys and girls can join the indoor team. Yes, pain and sweat can be shared with the opposite sex. The boys' team currently has an ongoing seventeen meet winning streak. Plus, they

have won two consecutive championships. The girls have only two meets each year, but they have always been fighters. Together, the boys and girls form an awesome force.

Most people join to get in shape for outdoor track. Senior Monica Simmons summed it up this way: "You see, by dehydrating yourself and becoming dizzy, you become a better athlete. If you are seriously considering a state championship, you have to compete indoors to get an 'edge'." Jim Orndoff, a Senior shot putter, stated: "I joined indoor track to better myself." Why else

would someone undergo such torture?

Really, indoor track is fun. Of course, it is a different kind of fun. The athletes like to destroy opposing teams. The boys have mauled seventeen straight teams, including John Adams, and the girls have always been impressive at the Ohio State University Invitational where the whole season peaks at the Indoor Championships. This is where all the hard work pays off. For the last two years, Euclid has come out on top. It could be that Euclid's runners sweat the most.

Rise and shine it's 5:30 a.m., time to get up and go to swim team practice. Yes, the sport where sleep is an extra-curricular activity requires much hard work and determination.

This year's team was primarily composed of underclassmen. However, quality, not quantity, was their key to success. The distance event, 20 laps, was handled by Tony Cappuzzo, Tom Reynolds and Mike LeQuyea. The sprinters, Mike Mehls, Joe Tressler and Dan Campbell also scored for the team.

Jack Coyne and Matt Davis did the breaststroke and backstroke respectively. This year's novices included Kevin McCluskey, Jeff Cechura, Tim Tobin and Jim Segulin. Diving for the team were Greg Jordan and Jeff Slattery.

The new coach, Jeff Jaroscak, an '81 graduate of Euclid, had an optimistic outlook for the tankers. Both Jeff and the assistant coach, Pat LeQuyea are veterans whose experience greatly benefited the team.

Swimmin' Women Take G.C.C. For 7th Year In A Row

Euclid "swimmin'" women show their stuff once again. With first year coach Ellen Mulqueeny, the Pantherettes started off with a successful season. Senior Co-Captains Dawn Turpin and Sue Kelly headed the team with superior times as well as juniors Debbie Miller and Terri Schmeling, sophomores Amy Dehner and Chris Hren, and freshman Jackie Thomas. Team depth was the key point in providing the winning season for the mermaids. As their season rounded toward the G.C.C. meet, they had a winning record with 5-0 in the G.C.C., and 10-1 overall.

College Testing

PSAT/NMSQT, ACT, SAT: What do all those letters mean? They're enough to boggle your mind! How do you remember all of them? Unfortunately for all college-bound juniors, all those letters stand for College Entrance Examinations (more popularly known as TESTS!)

All students who plan on attending college must take at least one of these tests; the test taken depends on the requirements of the college that you want to attend. Some students manage to take all of those tests at one time or another.

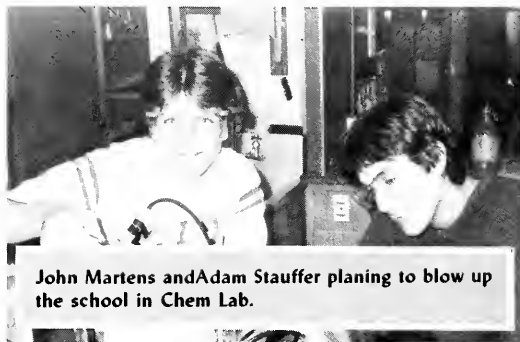

The worst feature of the examinations is that they are administered early on Saturday mornings. In addition, you spend several hours trying to remember the meaning of sesquipedalianism, to comprehend boring reading passages, and to remember how to find the surface area of a sphere.

After all this you wonder, what could be worse than a College Entrance Examination? Try filling out college applications, scholarship applications, financial aid forms, writing essays for your applications, getting teacher recommendations.....

Get Down And Boogie!

Renee Staso at the Halloween dance.

Tim Mohr and Scott Scherbarth attempt to

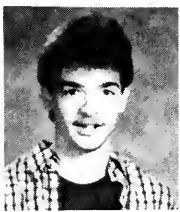

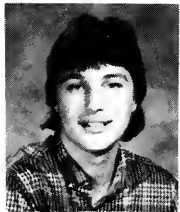

Bernie Sauer and Sonja Renner at the Homecoming dance.

The fun begins at 8:00 when a mass of Panthers gathers in the E-Room for dancing, dancing, and more dancing! The themes of the dances range from dressing in togas to digging out sunglasses and wild pairs of shorts for a beach party. Dances, according to sophomore Jim Cudo "...are excellent for socializing." Lisa Anderson said, "It's a good time to be wild." The music seems to contain a ration of eight to one, fast to slow songs. During the fast tunes everyone seems to jam, while the slow ballads bring everyone into a romantic mood. After the concluding slow song, everyone heads out for Wendy's or McDonald's. Many Panthers enjoy their eight to eleven evenings at Euclid, and depart with happy memories.

Just Another Average Day

When the last bell of the school day rings, a sigh of relief is felt by a lot of Euclid students. They have survived another relentless day of backbreaking classes and can go to their favorite hangouts.

But where do they go? This year the favorite place is Euclid Square Mall. Whether students are there to eat or to just look around, there's always a good enough reason to go. The fast food restaurants including McDonalds, Wendy's and Little Caesar's are quite popular, especially after dances and games.

During the weekend, the beach or any other great place to hang around is busy. Freshman Barb Steele prefers to go to the movies while sophomore Lara Lomac states she hangs out wherever she is at the time! The seniors and juniors don't seem to care where they go, as long as they are away from school.

The main point is that whenever Euclid students decide to hang out, they always have fun and do it with class.

Finding the Time

Many Euclid students look forward to the weekend as two days free from school, books, and teachers. They think of it as a time of getting out with their friends and having fun.

Popular hangouts among students include the movies, shopping malls, McDonalds, and Wendys. Many students will go to a game at Euclid such as football or basketball, and then go out to eat afterwards. School dances are well attended by Euclid students, and are a favorite way for students to spend time with all their friends and have a good time.

As Monday comes, all free time is over until that last bell rings on Friday at 2:35.

Hey, What's Cookin'?

Students Learn About The Culinary Arts

The vocational foods program at Beachwood High School was attended by two seniors and six juniors this year. At Beachwood the students learn all the aspects of running a restaurant, such as preparation, cooking, waiting, and serving. The students run The Regal Room, a restaurant inside the school. One junior in the program, John Weakland, won a blue ribbon in The American Heart Association baking contest for an orange chiffon pie, as well as a plaque, a recipe book, and a cash prize for Euclid's Home Ec. Department last year. John, who has aspirations of being a chef some day, says vocational foods is "a very educational program. I believe it is a major stepping stone on the way to becoming a chef someday."

EHS Students Hard At Work

Who wants jobs? Students who need money! How do students get money? Jobs!!

As students approach the high school years, they find their desire for money increases. The three basic things on their minds seem to be 1) clothes, 2) cars, & 3) social life. All of which are associated with the dilemma.....MONEY!!!! To solve the dilemma, most students turn toward the employment scene. Along with a job comes lack of sleep, decline in grades, and the major hang-up being (at least to a teenager), a lack of time for their social life. So the question arises, "Is it really worth it?" According to Renata Grahovac, "No, because I have the money but I don't have the time to spend it." Tracy Van Beneden agrees with Renata, but also added that, "Even though I miss out on many social activities, I have made new friends at work. But if there was an easier way to obtain money, I would quit!"

Having money may sound great, but making money isn't. Before you decide to fill out those applications, decide which you'd rather do on the weekends, fry the burgers with your friends, or eat the burgers with your friends. Once caught up in the rat race, there is no turning back to that measly \$10 a week from mom and dad. So, if it's not financially imperative to work, "Take that job and shove it!"

Dreaming of Easy Street

With senior year just around the corner, many juniors have begun to make plans for their final year at Euclid Senior High School. It is very apparent that the class of '88 wants to have fun and enjoy itself. Angie Gamber says she wants "to relax and just kick back", and Tom Larkins summed up his feelings in two words - "party hearty". Some juniors are also dreading the hard work associated with senior year, but most feel it will be a good year filled with a lot of fun and spirit. Julie Sterbank says, "I want to have fun for once in my life", and one anonymous junior said, "Senior year is supposed to be the best year of your life, and I plan to make it terrific!

Which Way to Turn

Chris Bryant shows off his driving skills on his tricycle.

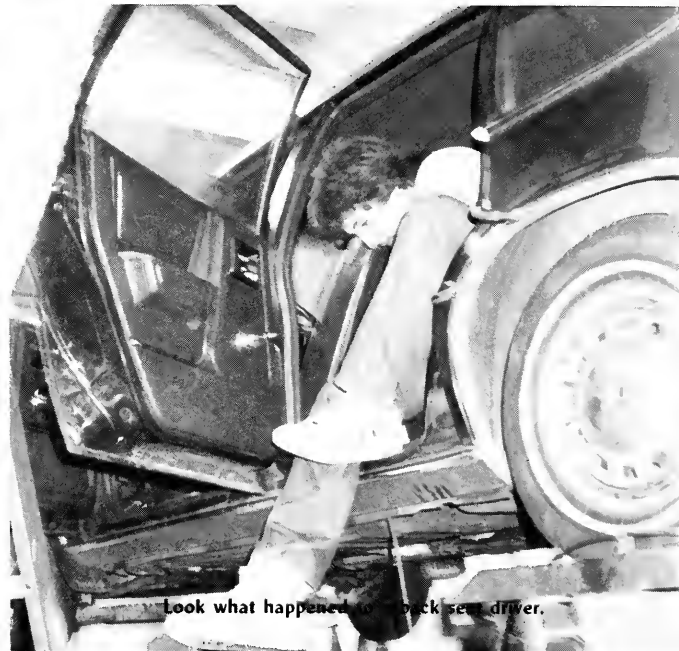

Finally you are 16!!! You are ready for your cute little red sports car and a set of keys! (and perhaps a cute little blonde sitting right beside you!) Finally you can go out on "real" dates without Mom or Dad chauffeuring! You now know the true meaning of freedom!

Although reality tends to break through for most 16 year olds (like driving school, the driving test, car insurance, being bugged by Mom to pick up younger brothers from Little League practices) most E.H.S. students feel that the advantages of driving far outweigh the negative aspects. By age 16, most teenagers just have far too much to do and are too "cool" to be driven around by their parents anymore. As one E.H.S. student put it, "Driving gives you a sense of responsibility and is just one more step in moving away from Mom's apron strings towards the real world out there."

Sophomores

For many years, E.H.S. students have included geometry as an important part of their school day. Now most sophomores will agree the "plane" truth lies in the fact that geometry class is not very exciting! However, due to the fact that our great city was named after the founder of geometry, the class supposedly will have many "parallel" functions in our later lives. Somehow though, important or not, relearning all the triangles and squares most people learn in kindergarten is NOT the ultimate in excitement and intellectual stimulation. The "point" of theorems and proofs escapes most sophomores. As stated by one past victim of a honors geometry course, "Why prove a square has four sides when all you have to do is LOOK at the thing?!!" Boredom tends to set in before most geometry victims get their first report card. Some students, however, ARE lucky. Beth Pekol reports surviving geometry class because she had "acute" teacher. Other less fortunate souls, who have "obtuse squares" for teachers, often have to know all the "angles" in order to stay awake in class. It has been reported that many guys alleviate boredom by using their best "lines" while sitting at just the "right angle" to study ideal curves". So, although geometry is not the most enthralling class, there is hope for survival. As sophomore Heidi Martin realistically puts it, "It's not the most exciting class, but I'll survive!"

Learning the Tricks of the Trade

If you are a junior or a senior attending Euclid High School with a specific career interest in art, business, repairing cars, styling hair or child care, then consider yourself lucky.

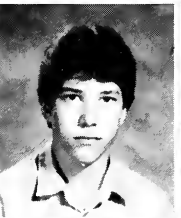

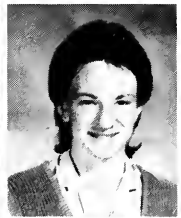

Euclid High School is very fortunate to have two year vocational classes ranging from business to child care for juniors and seniors. For some people, this can mean being a step ahead of the rest when entering college or a trade school. There are many possibilities, particularly in business and accounting. But don't forget the automotive, food, cosmetology and child care programs also available at Euclid.

So if you are interested in being involved in any of those fields, check into vocational classes for juniors and seniors. It may mean work, but vocational students will tell you that it's worth it. And you'll be a step ahead for life after graduation.

Whatever Strikes Your Fancy

Study hall students exercising their right to stare.

Lisa Norton, Mark Malitz and Michelle Elmore touching up the new paint job.

What does one do when he or she is done with his or her homework? Or decides that there is plenty of time to study for that big test that's coming up soon? Of course, all Euclid High students turn to their favorite hobbies to occupy themselves.

The majority of students fill their free time with extracurricular activities at school. For example, many people are big on sports. Whether it is participating or observing sports, one can always find people enjoying sporting events.

Some students like to show off their talents by participating in drama or vocal productions like the plays or Big Show. Others prefer marching band. Some continually work on computers while others play video games as a hobby. Of course, we can't forget the classical photography, art and collecting various "things" that so many of us do for hobbies. Whatever students select as hobbies, they usually give them relief from school work during their free time.

The Cafe Euclid

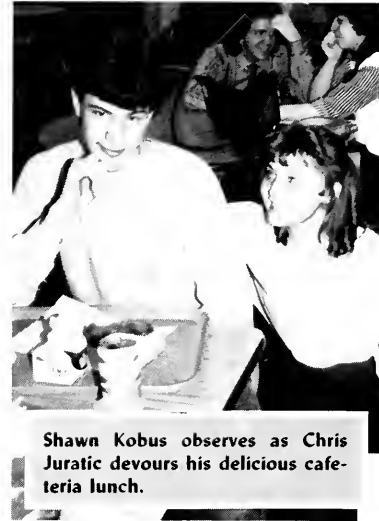

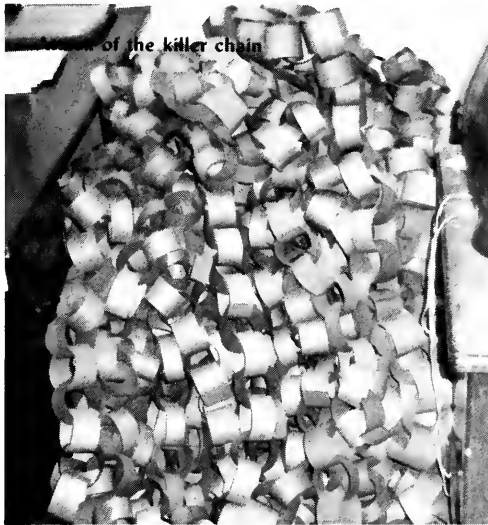

You walk into the cafeteria and a familiar odor reaches your nose, and you wonder: what are they feeding us today? Is it a) pork cutlet, b) veal cutlet, c) country fried steak, or d) none of the above? Yes, you guessed it! The answer is d), none of the above!

The cafeteria this year definitely did not receive four stars for good eating. On the contrary, it probably received complaints and stomach aches. One difference in the cafeteria this year was plastic utensils. Have you ever tried eating a baked potato with a plastic fork? Many students found out it wasn't easy.

Several members of the student body have suggested "dimming the lights" in the cafeteria, "so you can't see what you're eating." Others say the staff should "take out the trash instead of serving it." One senior advised, "get the chicken patty, but beware of the ketchup."

Bon appetit!

Friday At 2:35...

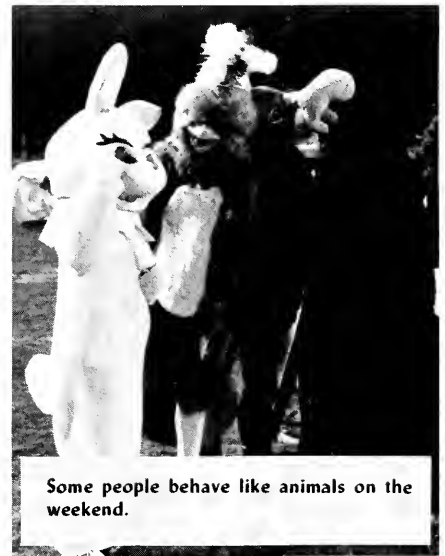

One means of weekend transportation.

Friday madness.

Weekends... that single word has a way of cheering up most Euclid students. They could practically dance on the walls. What do typical students do on weekends? The ones lucky enough not to have homework are content to go anywhere. The most popular things to do are to go out with friends, go shopping, or to the movies. A lot of students work on weekends but still find time for friends and even to party. Most frosh say they need weekends to make up for lost sleep, while an anonymous sophomore needs hers for no other purpose than to live. It doesn't really matter where Euclid students go on weekends, just as long as they forget about school and have fun. Certainly, that's not very hard to do at all!

Getting to Know People

P. J. Allen, who's your boyfriend?

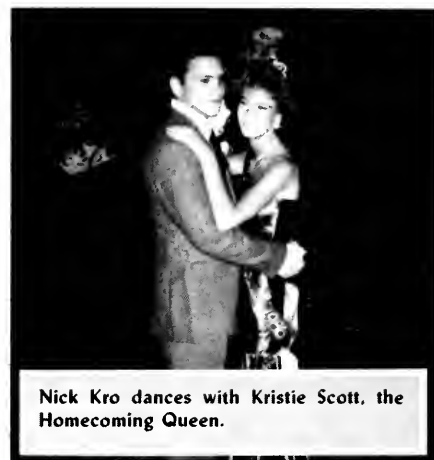

It's one of Euclid's favorite pastimes. It's where you form meaningful relationships, have fun, laugh, and basically have a good time. Yes, you guessed it, it's going out and dating.

A lot of students at Euclid seemed to enjoy going out with large groups of people or double dating. As one junior said, "It eases the tension." Most people who were dating said they preferred going out with that one special person instead of playing the field. Some popular activities for dates were: going to the movies, bowling, seeing a favorite performer, or just hanging around at the Metropark.

Yes, romance is still alive at Euclid; it's just waiting for that special guy to ask that special girl out.

Parents Visit Teachers

Open House Gives Parents A Chance To See Teachers And School

This year Open House took place on October 8. Parents were expected to be in the homeroom by 7:30. During homeroom announcements were read and the parents picked up their child's schedule. Each period was eight minutes long (so parents could find the rooms). This is almost as bad as the freshman. I felt like asking them if they wanted to buy an elevator pass.

When their child had a study hall or lunch period the parents were free to

visit one of many places. In addition to visiting the cafeteria, parents could choose between refreshments, or programs in the planetarium or computer lab. Mr. Yocum and Mrs. Paul made sure the Career Office was kept open by two able student secretaries while Mrs. Lidrbauch set up a staff selling last year's *Eucuyo* in the library. Mr. Pawlowski had some of his computer science students come in to work on the computers so as to give the parents a

better understanding of his requirements. In the planetarium Mr. Francetic manned his annual astronomy program. Finally 9:40 came and the final bell; parents discovered what their children experienced at 2:35 every school day. When it was over everyone seemed to be very happy and satisfied with the proceedings.

Showing off the school

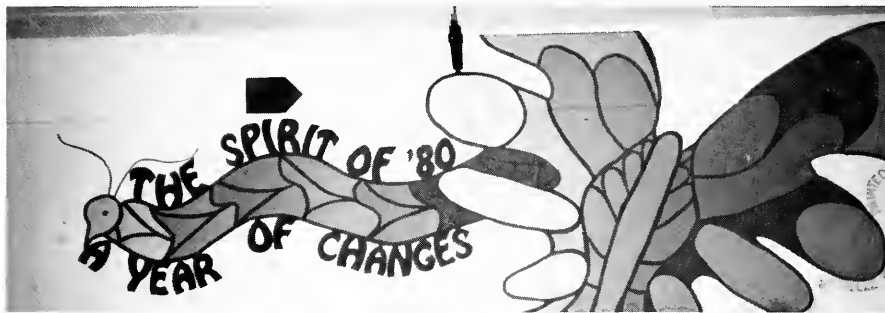

Did your teacher just call you by your older sibling's name again? Did you just realize you now answer to not only your name, but your older sibling's, too? Then you've got the Older Sibling Blues. But, take heart all younger siblings, you're not alone.

Many, many students at Euclid are "haunted" by older siblings. It can be for the better, because older siblings can drive, are used to high school and can help with homework or answer questions you are too afraid to ask. So take advantage of what you've got, younger siblings.

It can also be hard on younger siblings, because older siblings have made the first impression. Then, older siblings tease their little brother or sister in the hall or tell their parents everything the younger sibling would like to forget. No matter what you do you cannot disregard the relation, so learn to live with it.

So, older siblings, remember that we, younger siblings, have to contend with your former teachers. But, then again, thanks for all your help.

Freshmen

Learning to Cope

Before entering school in the fall of '86, the class of 1990 surely had many qualms about high school life. For example, many freshmen were afraid of the size of the high school in comparison to the smaller sizes of the middle schools. Also, freshmen were naturally afraid of being "the low man on the totem pole" and getting teased or picked on by the upperclassmen. However, after just a few weeks at Euclid, all qualms were put to rest. The upperclassmen actually helped the freshmen find classes and meet new friends. The class of 1990, now adjusted to a larger school and greater homework loads, now can tell you that the benefits of high school, like meeting new friends and being caught up in that ever-contagious Panther spirit, far outweigh any costs involved in the transition from middle school to E.H.S.

Announcing The Daily Events

P.A. People Bring The News To Homeroom

Michelle Goodman, Kim Marvin, Debbie Johnson, ...
Noromey, Christine Corbett and Cindy Schultz getting ready for homeroom

Engineer, Tom ...

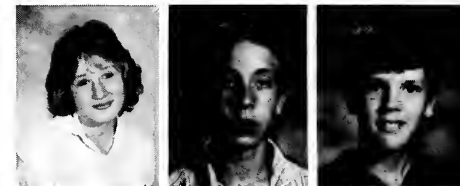

Good morning to the Panth...

This year, homeroom has been moved to after second period and along with it, the P.A. announcements! Now Euclid students have to go to class and get started without the bright and cheery voices of the senior P.A. announcers to wake them up. The announcers basically inform students of school events and activities. Other information such as sports news, senior and staff birthdays, and club meetings are also mentioned. The announcers enjoy filling everyone in on events. Michelle Goodman says, "I love it because it's a lot of fun," while Debbie Johnson assures us, "It's a blast!" With homeroom being later, the stimulating news gives students a break from the fast paced day. Meanwhile, they can read the Panther Press, which provides news concerning sports, underclassmen events, and trivia. For students, homeroom just flies by!

New Year...New Friends

School Offers Many Opportunities To Meet New People

The freshmen agree that besides homework, making friends is the toughest thing to accomplish in high school. But, a variety of after school sports and activities often help freshmen to adjust to high school life. Another fun way to meet people is to attend the football games, basketball games, soccer games, or other various sports. Even though some upperclassmen tease and give the freshmen a hard time, others help out. Whether you are in school or out, friends will always be a big part of everyone's life.

First Impressions Of E.H.S.

It's a huge building!

Your heart beats faster and your fingers tremble as you open the door to your first class. You close your eyes and hope that you have picked the right room. You quietly open the door only to find yourself amidst a vast number of unfamiliar faces. Does this sound somewhat familiar, upperclassmen? Certain members of the class of '90 recall what their first impressions of Euclid were. All of them agreed that it was very big, of course. Freshmen all had different methods of dealing with this Labyrinth that is called Euclid High. The phrase "go with the flow" came in

handy for Matt Airhart as he wandered aimlessly to all of his classes. Most freshmen say they liked their new school better than the old. Beth Brickman, Lee Swope, and Jenny Barcza liked seeing old friends as well as making many more new ones. On the negative side though, Jennifer Mason quoted, "I hate the clocks 'cause they're all wrong." Altogether, the class of '90 is looking forward to turning the tables and terrorizing next year's freshmen on their quest through the halls of Euclid High!

Students Aim High

Students Learn To Plan For The Future

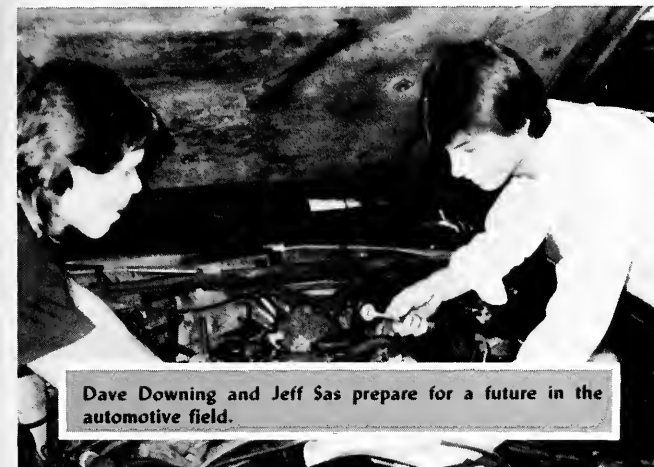

As the class of 1990 entered the halls of E.H.S. on August 27, each face caught a glimpse of a new life, a new start and hope for a great four years of high school life ahead of them. Coming from various middle schools, each freshman started his high school career with some goals towards making the next four years of their lives the best ever. Some ninth graders had academic goals such as making the honor roll or bettering their grades from junior high.

Freshman Jenny Barcza set her sights high and said she's reaching for the valedictorian or salutatorian spot in her class! For some freshmen, their ultimate goal at Euclid is to make a certain sports team, land a part in a play, or perhaps become an officer in a school-sponsored club. For example, Jill Tomasi stated that she really wants to make the varsity cross country team during her stay at E.H.S. The most common goal among freshman is to make

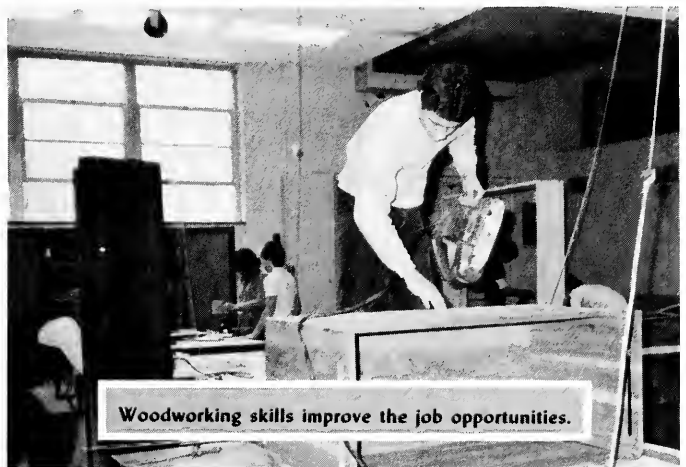

many new friends and memories to cherish for a lifetime.

This year's freshman class, the class of '90, is obviously not content on just going to classes and sliding by for four years. Conversely, the class of 1990, as illustrated by their goals, is a very ambitious class composed of students willing to work and take an active part in their school and in the perpetuation of the term "Panther Pride."

Hail to thee, O Euclid High School
 To thy name all praise we sing.
 Happy days of youthful pleasure,
 Learning, living, life so dear.
 Our hearts fill with gratitude
 For all that is to be,
 Alma Mater Euclid High School,
 All our praise we sing to thee.

Where the blue of Erie's waters
 Casts the sun's bright golden rays,
 There all Euclid's sons and daughters
 Sing the joys of student days.
 If after days be dark and drear,
 And storms of life draw nigh,
 The memories of our friendships
 here
 Will lift our hearts to Euclid High.

Closing

Only two hours and thirty-four minutes 'til the end of the day.

Bryan Wolowiecki can testify that life at Euclid does strange things to a person.

Jeff Slattery and Meghan [unclear] the best of friend

Kerri Radaker, Terese Yanko and Julie Mayerhofer can't wait 'til the end of the school year.

Jeff Grigsby shows Shawn Kobus just how tall he really is.

THANK YOU

GOOD LUCK!

The paper was printed by the Printing Department of Euclid High School. The printer was Mr. J. J. ... The paper was printed on ... and ... The paper was printed on ... and ... The paper was printed on ... and ...

Credit must be given where credit is due. The "behind the scenes" efforts resulted in the production of the *Euclidian*. First and foremost, thanks go to Advisors, Mr. ... and Miss Black for their valuable hours, days and nights of hard work and fine leadership. Others involved who should be mentioned include: Mr. Perez for his help in organizing the club pictures, Reunion's Studios for their processing and printing photographs, Jostens yearbook company for "putting it all together", the fine amateur writers and photographers that walk the halls of Euclid (disguised as students), the leaders of our school, and last but not least, the entire student body of Euclid High School without which this book could not exist.

With all the diverse interests and personalities of the student body of Euclid High School, the 1987 *Euclidian* goal was to depict each one of these individuals as best it could. In each one of their activities, whether it was sports, clubs or academics, the *Euclidian* attempted to capture moments from the memorable high school years- a time of great changes. The *Euclidian* apologizes for any spelling airers and any other mistakes which may have occurred on its pages. In addition, it wishes good luck to next year's staff who will bring a new outlook on life at Euclid High School.
